## **NOTABLE BILLS OF THE 2009 SESSION OF THE VIRGINIA GENERAL ASSEMBLY**

### **HOUSE BILLS**

#### **HOUSE BILL 1587 (DELEGATE R. MARSHALL): VIRGINIA'S PARTICIPATION IN THE REAL ID ACT**

This legislation provides that, with the exception of identification cards issued to employees of the Department of State Police and certain other law enforcement officers, the Commonwealth will not comply with any provision of the federal REAL ID Act of 2005 that would compromise the economic privacy, biometric data, or biometric samples of any resident of the Commonwealth.

House Bill 1587 has been enacted as Chapter 733 of the 2009 Acts of Assembly and is identical to *Senate Bill 1431* (Senator Cuccinelli), enacted as Chapter 769 of the 2009 Acts of Assembly.

#### **HOUSE BILL 1594 (DELEGATE MORGAN): VOLUNTARY CONTRIBUTIONS TO MIDDLE PENINSULA CHESAPEAKE BAY PUBLIC ACCESS AUTHORITY**

This bill amends section 58.1-344.3 of the Code of Virginia, adding the Middle Peninsula Chesapeake Bay Public Access Authority to the list of organizations eligible to appear on individual income tax returns and to receive voluntary tax refund contributions of at least one dollar. In order to remain eligible, it must continue to receive \$10,000 in contributions in each of the three previous taxable years. It shall not appear on the individual income tax return until it has been added as a contribution a maximum of twenty-five times.

House Bill 1594 has been enacted as Chapter 4 of the 2009 Acts of Assembly.

### HOUSE BILL 1595 (DELEGATE MORGAN): RESTORATION OF WETLANDS

This legislation amends section 15.2-6601 of the Code of Virginia, allowing the Middle Peninsula Chesapeake Bay Public Access Authority to use public funds or private donations for the purpose of restoring or creating tidal wetlands within the boundaries of the participating counties or towns. However, the resulting tidal mitigation credit may not be sold to any private party, but instead may only be used to benefit the participating political subdivisions.

House Bill 1595 has been enacted as Chapter 429 of the 2009 Acts of Assembly.

### HOUSE BILL 1598 (DELEGATE HAMILTON): APPLICATION AND CRITERIA FOR A CERTIFICATE OF PUBLIC NEED

This bill amends sections 32.1-102.1, 32.1-102.1:1, 32.1-102.2, 32.1-102.2:1, 32.1-102.3:2, 32.1-102.3:5, 32.1-102.4, 32.1-102.6, 32.1-102.10, 32.1-102.12, 32.1-122.06, and 32.1-276.5 of the Code of Virginia, creating an expedited review process for certificates of public need for projects involving a capital expenditure of fifteen million dollars by or on behalf of a medical care facility. It further adds the conversion of psychiatric inpatient beds to nonpsychiatric inpatient beds in a medical care facility to the definition of “project.” This bill also replaces the term “gamma knife surgery” with the term stereotactic radiosurgery and adds stereotactic radiotherapy and proton beam therapy in the list of specialized services provided by medical care facilities subject to certificates of public need. The criteria required for a certificate of public need have been revised to include the extent to which a proposed facility will provide or increase access to needed services, meet the needs of residents, benefit the area to be served, provide improvements in the delivery of health services, as well as feasibility of the project, among other factors.

House Bill 1598 incorporates *House Bill 1981* (Delegate McClellan) and *House Bill 2451* (Delegate Sickles) and has been enacted as Chapter 175 of the 2009 Acts of Assembly.

**HOUSE BILL 1599 (DELEGATE HAMILTON): FOSTER CARE  
TUITION GRANT PROGRAM**

This bill amends section 23-7.4:5 of the Code of Virginia, relaxing the eligibility criteria for students in foster care in Virginia to receive educational grants for tuition and fees. To qualify, a student must have been in foster care upon reaching the age of eighteen and subsequently received a high school diploma or GED certificate or have been accepted or enrolled as a part-time student taking a minimum of six credit hours per semester. To be eligible for a tuition grant under this section, the individual cannot have a prior bachelor's degree, must demonstrate financial need, and meet any additional financial need requirements established by the State Board for Community Colleges for the purpose of such a grant.

House Bill 1599 has been enacted as Chapter 430 of the 2009 Acts of Assembly. House Bill 1599 incorporates *House Bill 1606* (Delegate Poisson) and is identical to *Senate Bill 1049* (Senator Whipple), enacted as Chapter 603 of the 2009 Acts of Assembly.

**HOUSE BILL 1605 (DELEGATE PURKEY): COMMISSIONER  
OF HEALTH AUTHORIZED TO AMEND CERTAIN  
CERTIFICATES OF PUBLIC NEED**

This bill amends section 32.1-102.3:2 of the Code of Virginia, allowing the Commissioner of Health to approve requests to amend the conditions of a certificate of public need issued for an increase in beds in a nursing facility or extended care services. This would allow the facilities to accept more people in its nursing facility beds through June 30, 2012.

House Bill 1605 has been enacted as Chapter 394 of the 2009 Acts of Assembly.

**HOUSE BILL 1609 (DELEGATE WRIGHT): FOXHOUND  
HUNTING LICENSES**

This legislation amends section 29.1-304 of the Code of Virginia, requiring nonresidents to obtain a twelve dollar license to hunt on foxhound training preserves.

House Bill 1609 has been enacted as Chapter 50 of the 2009 Acts of Assembly.

#### HOUSE BILL 1613 (DELEGATE WRIGHT): REGULATION OF POLYGRAPH EXAMINERS

This legislation would have amended sections 54.1-1801 and 54.1-1805 of the Code of Virginia, authorizing a federal, state, or local law-enforcement officer to operate a lie-detector or polygraph device, even if it does not meet the minimum instrumentation requirements set forth in section 54.1-1805, provided such officer is certified by the manufacturer of the instrument to operate such instrument. The bill specifies that a law enforcement officer may only use the instrument or device in the course of his employment with a law enforcement agency and may not use such a device for internal or pre-employment investigations.

House Bill 1613 is identical to *Senate Bill 1374* (Senator Ruff). Governor Kaine vetoed the bills after the House of Delegates rejected his recommended amendments.

#### HOUSE BILL 1617 (DELEGATE MERRICKS): ALZHEIMER'S DISEASE AND RELATED DISORDERS COMMISSION

This bill amends section 2.2-720 of the Code of Virginia, granting the Alzheimer's Disease and Related Disorders Commission the power and duty to develop and promote strategies to encourage brain health and reduce cognitive decline and extended the sunset provision to July 1, 2014.

House Bill 1617 has been enacted as Chapter 51 of the 2009 Acts of Assembly and is identical to *Senate Bill 1109* (Senator Northam), enacted as Chapter 553 of the 2009 Acts of Assembly.

#### HOUSE BILL 1618 (DELEGATE MERRICKS): HUNTING PERMITS FOR PATIENTS AT MILITARY HOSPITALS

This legislation amends section 29.1-312 of the Code of Virginia, allowing the Director of the Department of Game and Inland Fisheries to permit organized groups of patients staying at or actively receiving treatment at veteran or military hospitals to hunt without licenses where it is otherwise legal to do so.

House Bill 1618 has been enacted as Chapter 5 of the 2009 Acts of Assembly and incorporates *House Bill 1660* (Delegate Cole).

#### HOUSE BILL 1620 (DELEGATE DANCE): PROCEDURES FOR EARLY VOTING

This legislation would have amended section 24.2-700.1 of the Code of Virginia, creating a new system for early voting in general, primary, or special elections for any registered voter beginning on the fourteenth day before an election and ending at 5:00 PM on the Saturday immediately preceding the election. The bill requires that each electoral board provide sufficient staff and locations to facilitate early voting, with at least two officers of election present at all times. The same identification required for regular voting is required for early voting, and therefore early voting would take the place of in-person absentee voting during the early voting period.

House Bill 1620 failed to pass and was left in the House Privileges and Elections Committee.

#### HOUSE BILL 1621 (DELEGATE DANCE): NO REASON ABSENTEE VOTING

This bill would have amended sections 24.2-612, 24.2-700, 24.2-701, 24.2-703.2, 24.2-706, and 24.2-701.1 through 24.2-701.2, and repealed sections 24.2-702, 24.2-702.1, 24.2-703, and 24.2-703.1 of the Code of Virginia, eliminating the statutory list of specific reasons for which a voter may cast an absentee ballot, and adding new absentee standards for military and disabled voters. Because the bill validates absentee voting for any reason, it also includes extra procedural safeguards to ensure voter integrity.

House Bill 1621 is identical to *House Bill 2301* (Delegate Caputo) and *Senate Bill 1010* (Senator J. Miller), all of which failed to pass and were left in the House Privileges and Elections Committee.

#### HOUSE BILL 1623 (DELEGATE LEWIS): MARINE TOURISM ACTIVITY LIABILITY

This legislation adds sections 28.2-1105, 28.2-1106, and 28.2-1107 to the Code of Virginia, granting immunity to marine tourism professionals under certain circumstances. This bill provides that marine

tourism professionals are immune from liability when a participant is injured or dies as a result of the inherent risks of marine tourism activities so long as the professional properly posted and maintained a required warning. To assert the privilege in any action, the marine tourism professional must plead an affirmative defense of assumption of the risk of the marine tourism activity by the participant. However, the marine tourism professional waives the privilege if one of the following conditions are met: (1) the marine tourism professional acts in a negligent or willful and wanton manner that proximately causes the injury or death of the participant; (2) the marine tourism professional has knowledge or should have reasonably known of the danger that proximately causes the injury or death of the participant and that danger was not made known to the participant; or (3) the marine tourism professional intentionally injured the participant.

#### **HOUSE BILL 1645 (DELEGATE D. MARSHALL): URBAN HIGHWAY CONSTRUCTION FUNDS**

This increase allows two-thirds, rather than one-third, of anticipated annual urban system funding to be designated for this purpose.

House Bill 1645 has been enacted as Chapter 52 of the 2009 Acts of Assembly and is identical to *Senate Bill 1438* (Senator Y. Miller), enacted as Chapter 693.

**HOUSE BILL 1649 (DELEGATE R. WARE): TELEGRAPH AND TELEPHONE COMPANIES NOT REQUIRED TO ACCEPT RESTRICTIVE INTERESTS**

This bill amends section 56-463 of the Code of Virginia, specifying that every telegraph or telephone company and every cable operator that has a franchise to use public rights-of-way in a locality may contract for a right-of-way to construct lines, but only telegraph and telephone companies may contract for sufficient land to erect office space suitably close to the line. Neither the State Corporation Commission nor any governmental regulatory agency may require a company or operator to accept any such interest, franchise, privilege, or easement that restricts the services that a company or operator may legally offer.

House Bill 1649 has been enacted as Chapter 331 of the 2009 Acts of Assembly.

**HOUSE BILL 1653 (DELEGATE CARRICO): RESTRICTED LICENSES TO PERMIT DRIVING TO COLLEGE**

This bill amends section 46.2-334.01 of the Code of Virginia, permitting a court to issue a restricted license that allows the licensee to drive to the institution of higher education in which he is enrolled. Previously, such a person was only allowed to drive to and from his or her place of employment.

House Bill 1653 has been enacted as Chapter 54 of the 2009 Acts of Assembly.

**HOUSE BILL 1655 (DELEGATE CARRICO): AWARDING OF FEES IN ACTION CHALLENGING FIREARM RESTRICTIONS**

This legislation amends section 15.2-915 of the Code of Virginia, allowing a court to award reasonable attorney fees, expenses, and court costs to any prevailing party in an action challenging an ordinance, resolution, or motion as being in conflict with a locality limited

authority to control firearms. This bill also allows the court to award attorney fees, expenses, and court costs to the prevailing party against an administrative action taken in bad faith in accordance with section 15.2-915.

This bill has been enacted as Chapter 753 of the 2009 Acts of Assembly and is identical to *Senate Bill 1513* (Senator Smith), enacted as Chapter 772.

#### HOUSE BILL 1663 (DELEGATE TATA): COUNCIL OF HIGHER EDUCATION STUDENT ADVISORY COMMITTEE

This bill amends section 23-9.3:1 of the Code of Virginia, permitting the State Council of Higher Education to appoint students enrolled in private and accredited institutions of higher education in the Commonwealth to the student advisory committee as long as the private and accredited institution's primary purpose is to provide collegiate or graduate education and not to provide religious training. Previously only students enrolled in public institutions of higher education were eligible for appointment.

House Bill 1663 has been enacted as Chapter 434 of the 2009 Acts of Assembly.

#### HOUSE BILL 1664 (DELEGATE TATA): SCHOOL BOARD CRISIS AND EMERGENCY MANAGEMENT PLAN

This legislation amends section 23-9.6:1 of the Code of Virginia, eliminating the requirement that the State Council of Higher Education develop a model institutional crisis and emergency management plan for the purpose of assisting public and private two- and four-year institutions of higher education in establishing, operating, and maintaining emergency services and disaster preparedness activities.

building. Owners are given tax abatements and fee refunds to incentivize compliance with demolition or renovation requirements. This bill specifies the circumstances that may initiate the derelict building abatement and requires that notice be given to affected property owners. This bill also changes the procedures by which localities can acquire and repair blighted properties and simplifies the enforcement of tax liens permitted by the blight provisions. Further, the legislation amends code provisions concerning tax delinquency and specifically raises the real estate value threshold to force public sale.

House Bill 1671 has been enacted as Chapter 181 of the 2009 Acts of Assembly and is identical to *Senate Bill 1094* (Senator Locke), enacted as Chapter 551 of the 2009 Acts of Assembly.

Effective December 1, 2009, smoking shall be prohibited in all restaurants and their restrooms, with certain exceptions. Restaurant proprietors must post no-smoking signs and remove all smoking paraphernalia or risk civil penalties. Third parties are prohibited from making such loans at a payday lender's place of business. The prohibition does not apply to such loans if secured by a lien on a motor vehicle title.
