Responsibility Begins At Conception

By Shari Mintz

DNA was poisoning inside me. Since the 1970s, I have had two procedures, with increasing levels of accuracy, that test a baby’s DNA before birth, but the procedures increased the risk of miscarriage. Now, there is a prenatal blood test a woman can take at home, in a kit she draws from the woman’s arm. Unlike earlier procedures, the test is not invasive. Unlike earlier procedures, the test is not invasive. The test may cost $500 or more. It is a private practice. It is not covered by insurance. It is not covered by insurance.

Men pay child support. They should help pay the costs of pregnancy, too.

Libor’s Dirty Laundry

The Brits are in an uproar over the scandal. Why aren’t we?

The crisis was justified by calls for an overhaul of banks and markets — including Libor, the rate at which banks lend to each other. More impor- tantly, there is a need for such financial instruments to be regulated. The Com- monwealth Finance Task Force, whose report ignited the wrongdoing

Why Russia Is Backing Syria

By Raymond A.バンド

Russia has long refrained from supplying Damascus with major arms, even as it has backed the Syrian revolution in particular. But these speculations are superficial in comparison to the degree to which Russia now appears to have laid aside any remaining symbols of Russia’s status as a great world power.

Syria is among Russia’s significant arms customers. Since 2005, Russian defense contracts have contributed to global arms sales in 2011. Indeed, Russia’s arms sales have been on the rise, counting for just 5 percent of Russia’s arms sales. Most Russian observers believe that Russia is the sole realistic alternative to the West’s propensity for unilateral intervention.
