Declaration of Independence!

He's on his own. It's a wonderful feeling. He can go places now. And he'll keep on going places all his life—as long as he keeps his sense of independence.

That's America's richest resource—not forest, field or mine, but the spirit of her people. Ambition, energy, self-reliance are the reasons why individuals—and industries—grow great from small beginnings.

Take the electric industry—this company, for example. A few practical dreamers strung the first lines. People of faith and vision risked their savings.

Other folks combined skill and hard work to produce better and better service—at lower and lower cost—creating more and more jobs—and carrying the benefits of electric living to more and more people.

That's the American way of progress. Free enterprise, vision and hard work. They are what built America and the highest standard of living in the world.

No nation has ever found a satisfactory substitute for that combination. No nation ever will.

* Listen to the Summer Electric Hour—FRANKIE CARLE AND HIS ORCHESTRA, every Sunday, 5:30 P.M., EDT, CBS.

VIRGINIA ELECTRIC AND POWER COMPANY
This is the season when viewers-with-alarm point to the evils of subsidized football in the colleges and universities of our fair land. Whether one goes as far as William L. Maner, Jr. (see page 12) in his condemnation of certain practices or holds to more temperate beliefs there can be no question of the fact that all is not pure and sweet in the realm of college football.

The purpose of this piece is not to measure the depth of the mire into which college football has sunk but to enter a plea of “not guilty” to the charge that The Alumni are responsible for whatever outrages have been done to the fair name of sportsmanship, fair play, and amateurism.

Chancellor Boatwright hit the nail on the head when he told the Richmond Quarterback Club that the responsibility for maintaining ethical standards in college athletics rests squarely upon the shoulders of the president of the institution. To a lesser degree it rests upon the shoulders of the athletic director.

For the president or the athletic director of any institution to seek to evade responsibility by placing the blame upon that long-suffering whipping-boy, Alonzo Alumnus, is ridiculous.

In the first place, the alumni of a college or university are the finished products of that institution. They have been fashioned by the best teaching and the best thought of that institution. They are teachers, preachers, doctors, lawyers, businessmen. They are above the community level in intelligence and in ethical standards. An institution which damns its alumni, damns itself by inference since the alumni are the sons of that institution.

College football will be as clean as college presidents and college athletic directors want it to be. The tendency to cheat—and that’s the only word to apply to unethical practices—stems from the attempt to gain an advantage over an adversary. Each coach, of course, says he doesn’t want to deal any cards off the bottom of the deck but is forced to do so in order to keep up with those dirty *(&)****! at Piankitank Normal. As a result, the standard of conduct is set by the least ethical member of the profession!

There are physicians who are willing to cheat. The medical profession knows what to do with them. There are lawyers who are willing to cheat. The bar knows what to do with them. Why can’t the coaches, under the watchful eyes of their college presidents and athletic directors, police their own profession?

They can. But if they don’t, if the “help” given athletes rises to fantastic heights, don’t damn Alonzo Alumnus. Blame the weather, blame the Communist menace, blame the New Deal or the new look, but, in heaven’s name, stop blaming the long-suffering alumnus who is a decent guy who pays his bills, deals his cards off the top of the deck, and schools his children in the Ten Commandments. If there is anything dirty about football at his institution he doesn’t sanction it.
Susan Madeline Lough
A Life of Service, a Heart Full of Understanding

By JAYNE MAIRE MASSIE, '42

When the news came to me that Dr. Lough was retiring after thirty-three years at Westhampton, and that next fall when college reopens, she'll be merrily on her way to visit her beloved England, it at first seemed unbelievable. Westhampton couldn't go on without her! Then I started thinking of all those years Westhampton has had her and of what she has done for the college, and I realized that she has earned the right to retire—to travel, to visit friends, to do all the things she has had to postpone during her busy years at Westhampton. Meanwhile I pondered what Miss Lough, a great teacher, has meant to me.

Emerging from the cocoon of high school we are suddenly thrust out into the great wide world of college. It is a terrifying experience. New thoughts, new ideas, new horizons are spread before us. We meet many new people. We are told to remember many important things. But when we finally leave college, we begin to forget—and in a few years we find we can no longer decline "videre" and we can not state exactly when Shakespeare lived.

As these things fade, our remembrance of college personalities and the intangible art of living they taught us, increases. We begin to recall more vividly how we received understanding and love and trust when we needed them most and we also remember the person who gave those things to us.

There are two ways to discuss a professor's value. We can list her degrees and the books she has written, or we can look among the students she has taught and see if they have learned well the lessons of Life. And so it is with Dr. Lough. Her greatest contribution has been in the molding of the character of three decades of young women at Westhampton College. She has been a living example of the philosophy always to go beyond the last mile in service and loyalty to others. She has represented to them all that is fine and good and true of the Westhampton Spirit.

I shall always think of her as a teacher, a friend and a counsellor and my regret is that my daughter will not be able to sit at her feet and partake of the wisdom of a noble life.

So many of my memories of Westhampton are somehow tied up with Miss Lough that it is difficult to separate the college from the professor.

I still remember, with a shudder, exam time in Modern European History and Gottschalk's French Revolution. I wonder if Miss Lough enjoyed my exam paper. I had a wonderful time writing it for I had spent days studying Gottschalk and how I quoted from him!

I also remember the International Relations Club meetings over at her home in the fall of the year. The logs in the fireplace always crackled more merrily there and the cheese on the Boston Brown Bread sandwiches was more delicious than any place else. (I've never been able to duplicate them.) We would discuss the momentous happenings of the world about us. It was all so terrifying—Germany invading Russia—Japan attacking the United States—and yet, before that fire-place, the world seemed, for just a few minutes, safe and secure, because Miss Lough was always ready to help us take a dispassionate view of the whole situation.

I remember those weekend retreats on Y.W.C.A. retreats at Swift Creek, and Miss Lough in pigtails bending over the fire cooking potatoes for dinner. Those costumes—what a getup, but what fun! Then there was the time we nearly landed in the ditch during a terrible rainstorm. Nothing fazed her, and with only the barest pause for breath, she kept up the rapid conversation.

For all these sides of her I loved her—but when the day came that my own private world was suddenly torn apart and lay shattered at my feet, she stood firm and helped me while I bit back the tears of relief and gratitude. How can you ever repay a person for that?

I was just one. For the homesick she gave words of friendship. For the ones in difficulties she gave encouragement. For all successes, great and small, she gave a smile and a "well done."

She opened the portals of learning. She taught thoughtfulness, graciousness and hope—when hope was dim. Her calm attitude; her belief in the final outcome of the war gave all of us courage. To the end of my life I will see her standing in front of a map of Europe and Asia and saying "Russia will never be defeated by Hitler." And we wondered how she knew when practically all the world despaired.

For the downtrodden and unfortunate, she gave of herself untiringly and taught us the love of service to others. How well I remember the Christmas trips to Kilbourne Farm, and the Y.W.C.A. meetings at the Phyllis Wheatley Branch of the Y.W.C.A., and the Palm Sunday Service at Virginia Union University. Throughout her life she has been active in the

A Tribute To Virginia Baptists

A Century and a Quarter of Christian Cooperation

By R. E. GAINES*

THE Virginia Baptist General Association is celebrating this year the one hundred and twenty-fifth anniversary of its founding. As we look back over the history of the Association during the century and a quarter we find abundant reason for feeling pride in the notable achievements in the past and for facing the future with confidence.

The Association was indeed a small affair when it was organized, there being only fifteen delegates present when this important step was taken. Perhaps none of those courageous leaders realized at all fully that they were creating an organization which would bring together for cooperative effort the Baptists scattered over Virginia, welding them into an efficient working team, widening their outlook and greatly extending their service to the entire world.

At the close of the first half century, in 1873, there were 611 churches in the Association, very few of which had as many as three hundred members. At present there are more than twelve hundred churches and the membership has gone beyond three hundred thousand. But in that first half century foundations were laid which have had a far-reaching influence on the life of the denomination and its contribution to the progress of Christianity. The Religious Herald was established very soon after the Association began. While it has never been owned or controlled by the Association, it has been in the truest sense the voice of Virginia Baptists and has exercised large influence in molding and directing the ideals and policies of the denomination.

In 1832 Richmond College, now the University of Richmond, began a career of growth and service which has not been surpassed by any other Christian college in the country. Another important step was taken in 1846 when there was established the State Mission Board, now called the Board of Missions and Education, which has played such an important role in organizing and directing the missionary and educational work of the denomination. A very interesting fact in connection with this Board is that Mr. Henry K. Ellyson held the office of Secretary for forty-four years and was succeeded by his son, Mr. William Ellyson, who served for the next twenty-nine years. Thus, the two Ellysons, father and son, discharged the duties of this important office for nearly three-quarters of a century. This story is made all the more unique by the fact that neither of these men would ever accept a cent of salary.

The Virginia Baptist General Association, throughout its entire history, has given a prominent place in its discussions and in all of its planning to the promotion of Christian Education. In the annual meetings there is always much time given to a consideration of our educational institutions and a recognition of their fundamental importance in promoting an intelligent, vital spiritual religion. This phase of the work of the Association has had a conspicuous place in the anniversary celebrations which have been observed. It is significant that in connection with every one of these celebrations there has been a vigorous campaign for increasing the endowment and other resources of the University of Richmond.

The central unit in the organization of the Virginia Baptists is the Board of Missions and Education, a name which indicates the two great tasks to which the denomination is committed. Next to its supreme objective, the promotion of world-wide Christian missions, the Virginia Baptist General Association is steadily advancing the cause of Christian education.

During the last half century the growth of the University of Richmond has been quite remarkable. In 1895 the Institution had total resources of less than three-quarters of a million dollars, and it had a student body of fewer than two hundred, whereas today it has resources of more than seven million dollars and the student enrollment has gone beyond four thousand. The propriety of mentioning this growth in connection with the celebration which is now being observed is due to the relation of the Association to the University of Richmond. This institution is one of the great contributions which Virginia Baptists have made to the cause of education and religion. In addition to this great service, the Association in recent years has put on a firm basis its junior colleges and preparatory schools, which are doing excellent work, and making an important contribution to the cause of education in Virginia.

No one can review the history of the Virginia Baptist General Association without being impressed with the splendid cooperation and fine spirit of unity which have characterized its deliberations and greatly enhanced its service to the world. It has perhaps enjoyed a greater degree of freedom from disagreements and dissensions than any other southern State. The reason for this is not far to seek. Throughout its entire history the leadership of the Association has, for the most part, been in the hands of men and women who were typical Virginia Baptists, with their love of freedom and their spirit of tolerance and fair play.

A number of persons could be named who have contributed to the stability and continuity of the policies and the program of the denomination. Attention has already been called to the two Ellysons, who in succession discharged the duties of the most important office in the Association for nearly three-quarters of a century. Another name that comes to mind at once is that of Dr. R. H. Pitt, who gave his entire

*Dr. Gaines, professor emeritus of mathematics, has long been prominent in the councils of Virginia and Southern Baptists. He is a past president of the Virginia Baptist General Association.

(Continued on page 16)
PRESIDENT George M. Modlin conferred degrees on 246 University of Richmond men and women—the largest graduating class in the institution's history—at commencement exercises in Cannon Memorial Chapel on June 7.

And four distinguished alumni of the University were awarded honorary degrees. They were Chief Justice E. W. Hudgins, '05, of the Virginia Supreme Court of Appeals, who received the degree of doctor of laws; Morris Sayre, '06, president of the National Association of Manufacturers, who received the degree of doctor of science, and the Rev. John H. Garber, '16, pastor of the Hampton Baptist Church, and Captain Ernest L. Ackiss, '10, of the Navy Chaplain Corps, who were given the degree of doctor of divinity.

The degree of doctor of laws was bestowed upon J. Carter Walker, retiring headmaster of Woodberry Forest School.

Appreciably swelling the ranks of those who marched in academic procession into Cannon Memorial Chapel to receive their diplomas were veterans of World War II. Of Richmond College's 143 graduates, upwards of 90 per cent were former members of the armed services. It was the first time that veteran students had noticeably enlarged the total of graduates.

The 246 degree recipients compared with 140 who were graduated in 1947 and with the previous high of 209 in 1940.

In addition to the 143 Richmond College graduates, there were 77 from Westhampton College, 23 from the law school, two from the graduate school and one graduate of the Evening School of Business Administration.

The veterans who received diplomas had a median age of 24, some two-and-a-half years older than the 17 other graduates, whose average age was 21. At that, though, the Richmond College veteran students were younger than the national average, which is estimated at 27 to 30 years.

The veterans were in general better students than their nonveteran classmates, though their scholastic attainments were not so noticeably higher than was the case in the years immediately after the war.

The commencement program opened on Saturday, June 5, when old graduates of Richmond College and Westhampton College returned to the campus for their Alumni and Alumnae Days.

On Sunday, June 6, Captain E. L. Ackiss of the Navy Chaplain Corps delivered the baccalaureate sermon in Cannon Memorial Chapel. He plotted a course designed to carry the graduates safely through the tumultuous seas which beat upon "this curious world of crossed values."

For sailing chart, the distinguished naval theologian offered them the Bible, and to keep them on the course he gave them the "great compass" of Christian tradition.

Monday, also in Cannon Memorial Chapel, industrialist
Morris Sayre delivered the commencement address at exercises in which University of Richmond degrees were bestowed upon the 246 graduates and five honorary degree recipients.

Sayre told graduates that they "start with a precious heritage affectionately passed on by your forebears—a heritage in a way of life—social, governmental and religious."

He touched on the turmoil and trouble facing them in the world of today, but reminded them that unparalleled chances for accomplishment awaited them. "When I left Richmond College I faced, literally, a 'world of opportunities,' " he declared. "So do you today."

President George M. Modlin conferred academic degrees on members of the graduating classes of the five University divisions, and honorary degrees on the four alumni and Woodberry Forest Headmaster J. C. Walker.

Mr. Sayre, National Association of Manufacturers president and president of the Corn Products Refining Company, was awarded the degree of doctor of science.

Chief Justice Edward W. Hudgins, senior jurist of the Virginia Supreme Court of Appeals and member of the Virginia House of Delegates from 1916 to 1920, received the degree of doctor of laws.

The degree of doctor of divinity went to Captain Ackiss, assistant professor of Bible at the University of Richmond before resigning to enter World War I as a chaplain, and thereafter holder of many distinguished posts in the corps of chaplains of the United States Navy.

The Rev. John H. Garber, pastor of the Hampton Baptist Church since 1925, and twice vice-president of the General Association of Virginia as well as holder of other outstanding and responsible positions, received the degree of doctor of divinity.

**THEREFORE, BRETHREN, STAND FAST**

Excerpts from the Baccalaureate Sermon of Captain Ernest L. Ackiss, of the Navy Chaplain Corps, in Cannon Memorial Chapel.

"All that is finest and deepest in us, and all that is best in our lives came from the Christian tradition and its great founder, Jesus Christ. Who holds fast to that tradition and its founder, standing firm, will come at last to the harbor to which he most wanted to sail."

"We give men more money to make us laugh than to prepare us for life or to make us think."

"Out of all the welter of human suffering, misery, heartbreak and tears, there has arisen a great family tradition, in which one man and one woman, loving each other so much that neither can think of anyone else in the same way, pledge their mutual vows of faith and love, each to the other, before God and man . . . and so build a permanent Christian home that places around children the strong security of continuing love and unbroken faith."

"Lay out for yourselves a sure and certain course, keeping it despite darkness, storms, crosscurrents and contrary winds. Hold to your best heritage, your finest traditions, your highest standards, keeping inviolate your loyalties to truth, to faith, to God."

**JOHN HOWARD GABER, D.D.**

'Able minister of the Christian gospel; beloved pastor of an historic church; respected leader of his denomination; active participant in community affairs; devoted son of Alma Mater.'

**ERNEST LEE ACKISS, D.D.**

'Courageous exponent of the Christian message, spiritual guide to our country's defenders in war and peace, leader of ministers serving at sea, loyal alumnus at the University of Richmond.'

**MORRIS SAYRE, D.Sc.**

'Distinguished captain of American industry, forceful champion of economic freedom, with sympathetic faith in his fellow man and unbounded confidence in the power of work, a steward of the Lord within his Church, faithful alumnus and trustee of this University.'

**EDWARD WREN HUDGINS, LL.D.**

'Pre-eminent jurist and brilliant interpreter of the law for generations yet unborn, outstanding public servant of this Commonwealth, respected leader in denominational affairs, loyal alumnus and trustee of the University of Richmond.'
WITH 811 alumni contributing, the 1948 Alumni Fund brought in a total of $18,763.93—an increase of more than $1,165 above the first Alumni Fund in 1947.

Scattered gifts beyond July 1—officially closing the 1948 fund—are expected to increase the total to a figure in excess of $19,000. (Last year gifts totaling approximately $500 were received during the summer.)

Charles Boatwright and President Mollin joined Alumni Council President Robert T. Marsh, Jr., in hailing the accomplishment of the Second Annual Alumni Fund which outdid the first fund both in number of contributors and in the amount of money raised. The results were particularly pleasing in view of the fact that most financial observers were of the opinion that money was "tighter" in 1948 than in the preceding year.

Much of the credit for the success of the fund should go to the class agents who worked tirelessly in writing letters to their classmates. The friendly rivalry between the classes stimulated giving but all efforts to outdo the class of 1898—the defending champion—were fruitless.

Piloted by W. L. Prince and Arthur J. Hall, 1898 again set the pace with contributions from 68.75 percent of its members—a mark even better than the 50 percent which won in 1947.

The class of 1915, which scored 46 percent the previous year, virtually held its own with a score of 45.25—but holding its class of 1917 forged ahead in the home stretch with a winning 46.20! Very close behind in fourth place came the class of 1906 with 44.50.

Others in the first ten were 1920 (33.55%), 1902 (33.55%), 1907 (32.14%), 1900 (31.25%), 1921 (28.30%), and 1916 (27.50%).

The class of 1942 with 31 givers set the pace from the standpoint of contributors. Closely following were 1934 and 1913, with 50 each. The classes of 1935 (29), 1948 (28), 1940 (27), Old Guard (24), 1917 (24), 1936 (24), and 1939 (24). The results of the Second Annual Alumni Fund, by classes, follow:

NOTE: Class Agents' Names in Italics.
Susan Madelon Lough

(Continued from page 2)

But always, back of all the things she taught, in and out of the classroom, she endeavored to show us, the college women of today, that the future of this country depended on our understanding the background of our civilization and our tremendous influence as women. She taught us that not only are women educated to take their places in the professional world, but women are also educated in order to be better wives and mothers, and to take their place in their local community life.

Miss Lough has taught at Westhampton College for more than thirty years, joining the faculty in 1915, after a year at the founding of the college. Prior to that, she taught at the Woman's College, Montgomery, Alabama. Her influence has been great during Westhampton's formative years. As sponsor of the Y.W.C.A., and the International Relations Club, as supporter of Phi Beta Kappa and Mortar Board, as counselor and friend of all the students, Miss Lough has helped in large measure to form the character of Westhampton students.

In coming years, as she revisits the campus, as she writes, helping us in all our undertakings.

If I had but one wish to bless my daughter with, I believe that I would wish her a life of service and a heart full of understanding such as Miss Lough has given to Westhampton students. What greater gift could she have—our Susan Madelon Lough?
D0 you remember how cold it was in January with snow all over the ground, and with our Alumnae Fund thermometer also in the dumps, having a very low reading? How the picture has changed now! The summer heat has arrived with a bang, and at the same time our Alumnae Fund thermometer has reached the boiling point.

We may not welcome the outdoor heat, but we're delighted with the state of the Fund. We set our goal at $4,500.00 this year, after reaching a new high of $2,838.55, with last year's drive. Just to prove that they can do more than is expected of them, Westhampton Alumnae have brought into the Alumnae Fund this year a grand total of $4,557.33. Of this amount, $3,797.66 was given by 579 individual alumnae, and $759.67 was raised through special projects for the swimming pool, put on by Westhampton Alumnae and students.

We are proud of the interest shown by the alumnae, and are optimistic over the future. In addition to carrying on our smaller projects on the campus and paying our running expenses, we'll be able to add something over $2,200.00 to the Swimming Pool Fund this year. At this rate, we may yet get that pool before we're all dead of old age!

In amount contributed to the Fund, the class of '18 topped the list with $315.00; '23 ran a close second with $327.50, and '41 was third with $215.00.

The highest percentage of contributors came from the class of '16 with 95%; Class of '43 deserves special mention with 87%; '18 with 70%; and '19 with 65%. Other classes with 50% or more of their members contributing to the Fund were '21, '22, '23, '24, '30 and '38.

Here is the list of additional contributors since the February Bulletin:

Just as reluctantly the resignation was accepted by University President George M. Modlin who told Mr. Gary that the Council would still turn to him for counsel.

Mr. Gary has been succeeded on the Council by Dr. James T. Tucker, '23, well-known Richmond physician and sportsman. The Council is currently composed of President Modlin and Dr. Herman P. Thomas, '17, representing the faculty; Chairman R. W. Nuckols, '21; Garland Gray, '21; and Enders Dickinson, '40, representing the alumni; Overton Dennis, '10, and Dr. Tucker, '23 representing the board of trustees, and Stuart Massie, '49, and Donald Fendler, '49, representing the students.
ALUMNI DAY

FROM far and near the old grads came for one of the most successful Alumni Days on June 5—a celebration which was marked by an able address by J. Brockenbrough Woodward, '07, president of the Newport News Shipbuilding and Dry Dock Company.

An alumnus from Texas and another from Idaho thought they had pretty good chances to win the prize offered for the alumni who came the greatest distance for the festivities but neither had a chance when Rev. James C. Quarles, '03, pulled in from missionary duty in Argentina just in time for the banquet and the handsome silk Red and Blue tie.

Dr. Garnett Ryland, '92, professor emeritus of chemistry, "spelled down" all the old-timers to win the award for the oldest class represented. He also got a tie.

The old-timers from the class of 1898 also got a prize—the handsome plaque awarded to the reunion class with the largest number of its members back for Alumni Day. The award was presented by T. Ryland Sanford, Jr., '27, representing last year's winners, to William L. Prince, chairman for the class.

Dr. Ralph C. McDanel, '16, chairman of the teller's committee, announced that Alfred J. Dickinson, Jr., '37, perhaps the youngest alumnus ever to receive the honor, had been chosen as president of the General Society of Alumni. He succeeds Dr. J. C. (Tiny) Wicker, '19, president of Fork Union Military Academy, who presided over the banquet with his customary grace and wit.

Other Alumni Society officers for 1948-49 are William L. Prince, '98; Virgil H. Goode, '27, and Robert A. Brock, Jr., '10, vice presidents; E. Douglas Gunter, '30, secretary, and J. Stuart Graham, Jr., '38, and Malcolm U. Pitt, Jr., '42, members of the executive committee. R. W. Nuckols, '21, was chosen as an alumnus member of the Athletic Council of which he is currently the chairman.

Robert T. Marsh, '22, who retired as president of the Alumni Council after announcing that the 1948 fund already had surpassed last year's figure of $17,605.61, was succeeded as president by W. Richard Broadus, '20. D. N. Davidson, '09, was chosen first vice president; Watkins Fugate, '32, second vice president, and Robert M. Stone, '30, treasurer. W. B. F. Cole, '12; Edward J. Fox, '17; B. Clifford Goode, '19, and Mr. Marsh were chosen to the executive committee.

It was also announced that Thaddeus T. Crump of Richmond, who earlier in the day received the Alumni Medal as the outstanding Richmond College graduate, had been elected to the Council to represent the class of 1948. Mr. Crump, a veteran of World War II in which he served with distinction in the Army Air Corps, was president of Student Government.

Preceding Mr. Woodward's address, the alumni heard brief remarks from Chancellor Boatwright and President Modlin, both of whom received ovations when they were presented by President Wicker.

A feature of the banquet was Tivis Wicker, '41, singing "Old Man River."

In presenting Mr. Woodward, President Wicker pointed out that the noted industrialist had served as a member of the University mathematics faculty before joining the staff of the Newport News Shipbuilding and Dry Dock Company in 1914. He served progressively as engineer, assistant production engineer, assistant general manager, vice president and, since 1946, as president. (Excerpts from his remarks are printed on page 17.)
WONDERFUL NEWS! Our new dormitory, South Court, is actually finished and occupied at last. Would you like to have a student's-eye view of it? Well, here it is—

Luxury has really come to Westhampton, enclosed in the brick building which commands the hill between older North Court dormitory and Keller Hall. You need only step inside the door to realize that a college girl's most beautiful dream has materialized in brick, concrete, and steel. Our first explorations of the building took place on April 12—moving day—which will long be remembered as one of bedlam. Transporting the belongings of more than 100 girls from Thomas Hall, around the lake, and up the hill, was no easy job. But the drudgery of it was lost in the fun and excitement of being excused from classes and becoming familiar with this building which had been our dream for two years. We began at the door, and oh-ed and ah-ed our ways to the tower.

Remember how you felt about the Blue Room when you were in school? It was pretty and made a nice reception room, but, oh why couldn't it be more homey and comfortable? We are awfully proud of the reception room where we meet our friends now. Modernistic indirect lights are placed around the wall and flank the ceiling-high mirror above the marble fireplace. All of the brand-new furniture will be unpacked during the summer and made ready for use by the lucky occupants of '49. Surrounding the reception room are five date rooms used by the girls. One is complete with a panelled fireplace.

You alumnae housewives will find yourselves in your glory when you see the clean, white student kitchen on the first floor. It is available for all student parties held in the dorm.

The first few days in our new quarters were so exciting that we could hardly study. "Les professors," however, brought us back to earth and we began to enjoy living and studying in such pleasant surroundings. As soon as each girl's picture of her favorite man found its way to the desk top or dresser, we knew that those pastel surroundings. As soon as each girl's picture of her favorite man found its way to the desk top or dresser, we knew that those pastel surroundings. As soon as each girl's picture of her favorite man found its way to the desk top or dresser, we knew that those pastel surroundings. As soon as each girl's picture of her favorite man found its way to the desk top or dresser, we knew that those pastel surroundings.

You can bet that many marshmallows will be toasted here in the cold months! You can imagine the girls' excitement as they step into their new rooms. The bedroom, furnished in light modernistic wood, is cheerful and bright. Then, for the little "snacks" that deans whip up, there is a bright and sparkling kitchen.

You must go up and up to the fourth floor tower room to see the favorite spot for get-togethers. It is there that the girls congregate for that nightly 10:00 to 10:30 break in studying. By fall the tower room will be furnished with comfortable leather chairs and sofas, and perhaps a piano for the "sings" we love so much. Crowds in the telephone room are going to be lessened a great deal by hall phones. Each hall has two telephones which are an added convenience, for students' calls can be switched to the nearest extension. This eliminates that inevitable scramble for a raincoat when the buzzer rings for some pajama-clad girl. And speaking of buzzers—even they have improved. When one is buzzed, the small brown slide drops down and a white one comes up. It works almost as a calling card, for if a girl comes in and finds that the disc is white, she knows she has had a call. That always prompts a scurry-run downstairs to look hopefully at the book for a message. Such service!

Not only living quarters, but classroom facilities are found in the new building. Four of these rooms are located in the basement, and will be fully equipped for the fall session. There is a new art room also which will at last give the necessary daylight to the art students. Windows on three sides give the bright and airy atmosphere which the would-be Rembrandts and Michelangelos desire. "Step right this way, folks, and see all the added attractions of the new dormitory!" Yes, ma'am, we think it's wonderful and welcome any chance to show it off, so remember that the welcome mat is now out and visitors always welcome. You alumnae must come back and see this newest building which is only one more indication of the growth and improvement of Alma Mater. Westhampton has long been outstanding in scholastic achievement and renowned for her campus of natural beauty. Now she continues to maintain her place as a growing and progressive unit of the University.
ALUMNI ELECT BURNETT MILLER, JR.

Judge E. Barrett Prettyman Addresses Annual Banquet

ON Saturday, April 24, 1948, the Law School Association had its Annual Dinner at the Hotel Richmond. William S. Cudlipp, Chairman, had arranged a most delightful occasion. There were 280 people present and a good time was had by all. His Honor, the Mayor of Richmond, Horace H. Edwards, was Toastmaster, and Associate Justice Willis D. Miller, our President, presided.

The clan gathered before dinner for a brief visit and an opportunity to meet old friends. This was most congenial. The dinner was good and the speaking interesting. All of the men and women who were present will be back for similar occasions if it is possible for them to be there.

President Modlin made a brief address, as did Dean William T. Muse and Mr. Howard Turner, Retiring President of the Student Bar. The speaker of the evening, the Hon. E. Barrett Prettyman, Associate Justice of the Court of Appeals for the District of Columbia, made a most interesting address. He is a Randolph-Macon graduate and told some very amusing tales of the rivalry between Randolph-Macon and Richmond when he was a student. His main address was a challenge to the lawyers, and particularly the young lawyers, to find more simple procedure for administrative agencies.

The business session for the Association was then held and the membership committee reported that the Association had 130 annual members, 23 sustaining members and 32 life members, making a total membership in the Association of 185. The Membership Committee proposed that the next administration put on a membership drive and endeavor to get all the alumni to affiliate with the Association.

The Association adopted a resolution direct- ing the Treasurer to pay the Secretary of the Association $100.00 per year as an expense reimbursement, $50.00 to be paid December 1st and $50.00 on June 1st. The Association also adopted a resolution providing that the President of the Law School Association be automatically a member of the Executive Committee of the Alumni Council of the University of Richmond and if the President is already a member of the Executive Committee, then he would designate some other member of the Association a member of the Executive Committee.

President Willis D. Miller's report on the year's work was enthusiastically received. He was very complimentary to the Council and other officers for assistance they had given him.

Mr. Joseph L. Savage, Jr., of Fredericksburg, reported for the Nominating Committee as the Hon. Felix E. Edmunds, Chairman of that Committee, was unable to attend the meeting. The following were nominated for the Association Year beginning July 1, 1948:

President—Hon. Burnett Miller, Jr., Judge of the Ninth Circuit, Culpeper, Virginia.
Vice-President—Hon. W. Marshall King, Chairman, Corporation Commission of Virginia, Fredericksburg, Virginia.
Executive Sec'y—Miss Virginia Ivey, Law Librarian, University of Richmond Law School, Richmond, Virginia.
Treasurer—David Meade White, Jr., Esq., Law Bldg., Richmond, Virginia.

For a three-year term on the Council to succeed three members whose terms expired, the following were nominated:

E. Booker, Esq.—Law Building, Richmond, Virginia.
Hon. Wm. L. Carleton—Newport News, Virginia.

President-Elect Burnett Miller, in a few brief remarks, pledged himself to do his best for the Association during his term of office. He recalled that as many of you will recall is an ex-football co-captain at the University of Richmond. After his sojourn at Richmond College, he entered the law school and was graduated in the class of 1931. He returned to Culpeper and practiced law with his father until his father's death. Then, along came the war. He enlisted in the Navy and served with distinction in that branch of service for several years and then returned to the practice of law at Culpeper the latter part of 1945. In January 1946, the Hon. Alex T. Browning, Judge of the Ninth Circuit, retired and the General Assembly of Virginia in 1946 elected Judge Miller to succeed Judge Browning. At the time of his election, Judge Miller was the youngest Circuit Judge in the State and still holds that distinction. We look for another good year for the Association as we feel its affairs are in most capable hands.

The Membership Committee for this year will put on a very intensive drive to double our membership and it plans to make an effort to get out a directory for the Association.

It is with regret that we announce the deaths of the following members of the Bar who were alumni of the University of Richmond Law School:

Joseph A. Billingsley, King George, Va.
Christopher C. Cousins, Beach, Va.
Jesse C. Duke, Baltimore, Md.
John S. Eggleston, Richmond, Va.
Thomas Irving Talley, Richmond, Va.
Robert E. Williams, Grundy, Va.
Robert H. Wilson, Honaker, Va.

We congratulate the twenty-three members of the Senior Class at the Law School.

Football Professionalism: Campus Cancer

By William L. Maner, Jr., '40

As a passing observer and as a college teacher, I have been watching with increasing dismay the deepening cynicism with which not only the students and the alumni, but the college administrations have been viewing the football setup. Football and football players have ceased to have any real relation to the rest of school life, and the other so-called major sports (those which can seat the largest number of paying spectators) are following close behind. In a discussion of the 'Purity Code' (with which the National Collegiate Athletic Association tried to lock the barn door) in a sportswriter's column recently, the coach at one of Virginia's schools said that the code would 'set football back five years' at his school. What he meant was that it would delay his program of complete professionalism to the point where his teams could compete with the higher paid professional teams from other colleges for five years. Football, or any other athletic contest, is not going to be set back any time by the discrediting of hired participants.

The age-old arguments and rationalizations are falling down. Football is not, regardless of the pious cries of coaches and 'sports fans,' a character builder. College professors anywhere can testify to the type of characters it has built. It has been their sad experience to discover that a man who gives men who would not be able to afford college a chance at an education. So does burglary give a man a chance at more 'gracious living,' by providing him the money, but in both cases, the education in fundamental principles is on the same level, as long as the farcical pretense at amateurism is maintained.

The newspapers are in part to blame for the effect, if not the cause. The artificial frenzy into which sports writers whip themselves and their sports pages at the drop of a punt contributes in part to the current attitude. They are, they say, giving the public what it wants. The public, they have learned, will take what it can get, and they give it them with a calloused cynicism which beggars comparison. Even in well-considered, levelheaded papers like the ones in Richmond, where a headline still shows some evaluation of news importance, the sports page gives the public the needle with hopped up headlines and streamers, and that pitifully impotent dilution of the English language called "sportswriting." The frankly belittling attitude that the sports editors of these papers take toward any but the rankest professionalism has done its part in the degeneration of the whole athletic setup. When sports writers develop a conscience toward their work, perhaps athletics will assume its proper place as a healthy form of diversion and relaxation for vigorous minds and bodies.

But it won't until the schools and that eager little group of interested alumni and friends realize that their time, their efforts and their subsidies are doing irreparable harm to the entire student body. It's a fungus growth that can be cut out when professional football is cut out. These men with their automobiles and their charge accounts are doing as much harm as if they were peddling cocaine directly to the students.

This active cynicism has its roots in this small coterie, while the larger group of friends and alumni sit and watch its fruits, in victory or defeat. But the cynicism is spreading, and those who don't pay are beginning to comment. The dismaying fact is that the comments are not that the system is an evil one, but that the system ought to be made to pay off better.

It seems to me that it's about time to recall that the ideal of the college student is not a skinful of muscles racing around on four wheels with the top down, but something more decent. It's about time to give a passing glance at the damage being done as the stain widens.
Record Alumnae Day Attendance

By RUTH PHILLIPS STARKE, '43

WESTHAMPTON COLLEGE Alumnae made the year '47-'48 a full and memorable period in the annals of their organization, and the numbers of returning graduates to be seen on the campus on June 5 was proof of the enthusiasm and vitality of the Association. Attendance for Homecoming reached a new high.

The day's activities began with a meeting of the Association's Board and Registration at 10:00 a.m. Reunion classes for the year numbered six: '18, '23, '28, '38, '43, and '46, and the high spirits of class reunions added tremendously to the color and enjoyment of the day.

Alumnae Hour began at 11:00 a.m. with Harriet Sharon Willingham, '26, National President of the Westhampton College Alumnae Association, presiding. She introduced Ruth Phillips Starke, '43, Homecoming Chairman, who presented the morning speaker, Dr. Louise Fry Galvin, '26, Director of the Crippled Children's Bureau, State Health Department. Dr. Galvin spoke on the subject of Rheumatic Fever and the legislative, social, and medical aspects of the program. Following Dr. Galvin, Helen Travis Crawford, '33, lyric soprano, delighted the group with several very beautiful numbers. She was accompanied by George Harris.

At the conclusion of the program, Margaret Leake, Chairman of the Swimming Pool Fund, presented the Auction Sale for the benefit of the fund. The Auction Sale for the benefit of the fund got underway. Order gave way to bedlam as Dean Raymond Pinchbeck appeared in the role of auctioneer and began his spiel. Bids on the articles made or contributed by alumnae gained momentum as Dr. Pinchbeck amusingly pointed out the merits of each item, and his delightful auctioneering provided a great deal of merriment.

Luncheon was served in the Tea Room at one o'clock and was followed by the annual business meeting. The three nominees for the Association's representative to the Board of Trustees were announced. They include May Thompson Evans, '21, Camilla Wimbish Lacy, '23, and Harriet Sharon Willingham, '26. One of these will be chosen by the Board for membership. Five new Alumnae Board Members-at-Large were presented: Mary Clay Camp, '18, Frances Shipman Sutton '18, Billie Gordon Atwill, '25, Nora Turpin Turner, '28, and Lelia Gardner Hathaway, '43.

Leslie Booker, National Alumnae Association Secretary, presented her reports on the year's activities and the finances of the Association. Her reports clearly indicated the growth and support of the work undertaken by alumnae and promised an even brighter prospect for future service and achievement. The excellent work of the Swimming Pool Committee, headed by Margaret Leake, was reported. The reports of local club presidents on their programs and activities showed increased strength and enthusiasm in the local groups.

After the adjournment of the business session there were no scheduled activities until 6:30 p.m. when the annual Homecoming Banquet was held in Keller Hall with Dr. Susan M. Lough as guest of honor. With Harriet Willingham presiding delightfully as toastmistress the evening's program began with the Invocation, pronounced by Dr. Boatwright, Chancellor of the University.

(Continued on page 32)
IT'S a good thing Dick Esleeck stayed out of politics. His aversion to promises would have kept him from running a close second in an election for dogcatcher.

For instance, the new Spider coach will gladly tell you he expects to greet some 55 candidates when fall training starts September 1, that there'll be some good prospects and some not so good, and that Sugar Ratson should be a super whiz bang in his final season in a Richmond uniform.

But if you think he'll open up and go whistling in the dark about a season chocked with victories, you just don't know Mr. Esleeck. It seems there are two sides to the situation and the other side doesn't gleam.

In the first place, the gridiron roll won't be dotted with freshmen. And in the second place, last year's roster has been clipped by more than 20 names. The furnishing problem is a major undertaking. To make the varsity, a candidate will have to prove two things. First, that he's able to block and tackle like a demon, or if a newcomer, that he's a graduate of the armed forces. The freshmen rules go back into effect this year and all those fabulous high schoolers (Mr. Esleeck has "no comment") will have to put in a year's boot on the frosh squad.

"So-o-o-o-o, Esleeck figures the best thing for him is to keep his mouth shut. The most he'll say is 'miracles do happen and that's what we'll need to break 500.'"

Don't get the idea that the portly Esleeck is going pessimistic. Not at all. He's merely stating a fact for, after all, replacements for fellows like Jack Wilbourne, Joe LaLuna, Carroll Richard and Reid Spencer don't just fall out of a clear sky.

But then things could be worse. Dick beams like a Cheshire cat when he mentions Ralston. Sugar is the fellow who's charged with making halfback cotton Billingsley, the much underrated Fredericksburger, the much underrated Fredericksburger, the much underrated Fredericksburger. In a year's time he'll be in top form and the line problem will be solved.

That brings up the line problem. In a nutshell, the ends stack up as good catch, no mistaking whether a young phenom who ran ahead of All-America Buddy Young as a freshman at Illinois might decide to pack up and head Southward. According to the story, the fellow has since been in the Army and hasn't made up his mind whether to return to Illinois or enter Richmond. He'd like to play baseball, but at the Midwestern school football is a year 'round proposition and there simply is no time for the diamond. His speed makes Esleeck fairly drool. He did the 440 in 50 seconds flat in the mud to set a new Illinois State record. The Virginia record on a dry surface is 51 seconds.

The heir apparent to LaLuna's passing job seems to be Graham (Corky) Brimm, slender sophomore from Mobile, Ala. Wilbourne's kicking role is still open. Bernie Hofbauer, the bruising 200-pound New Jerseyite, is the best bet for the blocking back assignment.

That brings up the line problem. In a nutshell, the ends stack up as good catch, no mistaking whether a young phenom who ran ahead of All-America Buddy Young as a freshman at Illinois might decide to pack up and head Southward. According to the story, the fellow has since been in the Army and hasn't made up his mind whether to return to Illinois or enter Richmond. He'd like to play baseball, but at the Midwestern school football is a year 'round proposition and there simply is no time for the diamond. His speed makes Esleeck fairly drool. He did the 440 in 50 seconds flat in the mud to set a new Illinois State record. The Virginia record on a dry surface is 51 seconds.

The pivot has Esleeck scratching his head. Jack Jones and Merle Darrah, who handled the job last fall, are both gone. Yank Dunlaney, a transfer from Tennessee who was an outstanding high school player in Richmond some seasons back, may take over. But Dunlaney first must beat out returnees Paul Atwell of Marietta, Ohio, and Don Anderson of Washington.

The new commissioner has Esleeck scratching his head. Jack Jones and Merle Darrah, who handled the job last fall, are both gone. Yank Dunlaney, a transfer from Tennessee who was an outstanding high school player in Richmond some seasons back, may take over. But Dunlaney first must beat out returnees Paul Atwell of Marietta, Ohio, and Don Anderson of Washington.

Dick admits the outlook would be brighter if he could use some of the freshmen he hears are on their way to dear old Spider­land. Four of the boys on his 1947 Wilson High School state champion team are following him to Richmond. Three of them made the All-State eleven, and one of them — fullback Billy Farris — was picked for the All-America high school squad. Farris is Esleeck's prize product and he expects to see him succeed to Ralston's shoes next year or the year after.

The other newcomers from h'yar, yonder and everywhere make Esleeck figure things should take a turn for the better in a couple of years. At this writing, he was going through an extreme case of mental agony wondering whether a young phenom who ran ahead of All-America Buddy Young as a freshman at Illinois might decide to pack his grips and head Southward. According to the story, the fellow has since been in the Army and hasn't made up his mind whether to return to Illinois or enter Richmond. He'd like to play baseball, but at the Midwestern school football is a year 'round proposition and there simply is no time for the diamond. His speed makes Esleeck fairly drool. He did the 440 in 50 seconds flat in the mud to set a new Illinois State record. The Virginia record on a dry surface is 51 seconds.

So much for the prospects. How will those prospects be moulded into a winning combination? Well, here's the way Dick explains it:

"Blocking and tackling, blocking and tackling, blocking and tackling, you just can't get too much of these things. You may have a group of Notre Dameers on your
On The Spring Sports Front

BASEBALL

Although the 1948 baseball season offered little to shout about as our Spiders won only two of eight games with "Big Six" opponents, there were two very handsome consolation prizes.

Coach Mac Pitt turned up the best freshman pitcher of the year in Billy Mitchell of Madison, Va., who won a place on the Associated Press All-State team, and Charlie Mattox, who alternated between shortstop and second base, won the State Collegiate batting championship with a towering .452.

Mattox was something less than terrific in his first season, but after his transfer to second base and the wry veteran should have a great season in 1949. And, like the Brooklyn Dodgers, our Spiders are shouting, "wait until next year!"

Although the Associated Press gave an All-State berth only to Billy Mitchell, Radio Station WMBG which broadcast Richmond baseball games (the play-by-play was done by Allan Phaup, '40) did much better for the Spiders on its 1948 All-State team which was selected by coaches. In addition to Mitchell, WMBG gave first place positions to Angelo Setien, peppy catcher, and to Cotton Billingsley, centerfielder. Mattox was given a berth on the second team. (The AP poll gave Billingsley a second team position behind Randolph-Macon's Bob Churn.)

Our Spiders suffered from infield weakness, which had been expected, and from weakness on the mound—which was totally unexpected. Captain Bob Kilpatrick who had pitched the Richmonders to the State championship last year just didn't have his stuff, and Big Dan Ramer couldn't win for losing. Mitchell won four of his six engagements and should be a first-class pitcher next year. Jerry Frampton, a left-handed freshman, should be a valuable member of the mound staff in '49, and so should Ralph Graves, who also should be a big help on the basis of his hitting. He was used effectively as a pinch hitter during the past campaign.

With the switch of Mattox to second base and Walter (Bo) Nelson from second to shortstop, the Spiders finished the season with a fairly competent infield. Freshman Bob Stephens was a competent first baseman and a potent stick wielder at the plate. Graham Morris was a fairly competent fielder at third base but was little help offensively.

The outfield was composed of Walter Bolen in left, Billingsley in center field, and Linwood (Bubber) Metzger in right field.

Of the regulars, only Metzger and Captain Bob Kilpatrick will be lost to the 1949 Spiders who will be captained by Angelo Setien and Dan Ramer, who should compose a first-rate battery.

If they had had the pitching, the 1948 Spiders might have made a successful defense of their State title. As a matter of fact, they won their first six engagements but V. P.I. broke the spell with an 8 to 7 triumph.

The Spiders couldn't beat any of the Big Six teams with the exception of William and Mary's Indians who twice had their ears pinned back, 6 to 0, and 5 to 2.

TRACK

It didn't score many points, but the University of Richmond track team developed some good performers who should form the nucleus for a winning combination next season. Chief among them is Doug MacLachlan who set a new record of 6 feet, 2 inches in the high jump, erasing the record of 6 feet, 7/8 inch made by Dick Thistlethwaite in 1942.

As in other sports, freshmen were permitted to compete in track and celebrated by breaking three records and tying another. Of course, MacLachlan's mark in the high jump not only set a varsity record but wiped from the books the freshman record of 5 feet, 11 3/8 inches set by H. V. (Sonny) Joyce in 1941.

Keith Lowry's discus throw of 134 feet, 10 1/2 inches in the Wake Forest meet bettered the freshman mark of 130 feet, 2 inches set by Jack Sanford in 1936. Similarly Shelden Roeth's mark of 43 feet, 1 inch in the V.M.I. meet set a new freshman shot put record. The previous record of 42 feet, 8 3/4 inches was set by Harold McVay in 1938.

When Graham (Corky) Brimm cleared the bar at 11 feet, 6 inches against V.P.I. he joined three other performers in a tie for the freshman record. Other co-holders are Sonny Joyce (1931), J. C. (Jimmy) West (1932), and Clinton Moore (1939). (Clint Moore holds the varsity record of 12 feet, 8 inches.)

Although he broke no records, one of the best point getters on the squad was Ronny Ziemek, the one-man gang from Chicago, who participated in the dashes, broad jump, low hurdles, and pole vault.

The trackmen showed to best advantage in the field and weight events. If Ross Crane can uncover a few runners to add balance to the team the Spiders may press some of the top contenders in the Big Six next season.

The 1949 harriers will be captained by Claude Thomas, quarter-mile and half-miler, who succeeded the diminutive Jimmy Sease, mile and two-miler.

After opening their season with a victory over Wake Forest and the Newport News Apprentice School in a triangular meet, the harriers remained undefeated by defeating Washington and Lee, 83 1/2 to 47 1/4. They defeated Wake Forest in a later meet but were snowed under by V.M.I., V.P.I., and William and Mary.

TENNIS-GOLF

The tennis team won 9 of 17 engagements and the golfers won 5 of 11 but neither won any victories from Big Six or Southern Conference foes.

The golf team, the first since the war, was ably captained by J. B. Hall, one of the city's outstanding young players. Jerry Cunningham was the number one man on the tennis team.

GREAT DAY FOR THE DEMOCRATS. Southpaw hurler J. Vaughan Gary, '12, was one of a quartet of twirlers who worked for the Democrats in the annual baseball game against the Republicans. The Democrats won, 24 to 13. (It was a pitcher's battle.) (Left to right, are): Wheeler of Georgia, pitcher; Rivers of South Carolina, outfielder; Riley of South Carolina, utility; Gary of Virginia; Pickett of Texas, First base; Priest, Tennessee, utility, and "Fishbait" Miller, assistant to the manager.
Venezuela Awakens

Plummeting 4,000 feet down from atop a vast cliff of rock deep in the remote back country of Venezuela, Angel Falls is a sight few white men have seen, writes Boyce Loving, '19, in describing a recent trip to Venezuela. He speaks with enthusiasm of Venezuela's hunting and fishing potentialities. "I've never seen more game... birds and animals—and rarely as many freshwater fish (can't go back on Chile). It's a sportsman's paradise!"

Mr. Loving lives in Santiago, Chile. "The nature of my mission to Chile may not be revealed at this juncture," he writes, "but I can say that it includes fishing, hunting and the writing of two or three plays that have been impounded in me for some time; also, perhaps a melody or two."

One of those melodies, "Volcano," was given a performance by Tom Scott, the "American Troubadour," over Radio Station WQXR, New York Times' musical outlet in New York City.

Mr. Loving was much impressed by Venezuela's tremendous strides toward progress in recent years.

"Wherever one goes in Venezuela," he writes, "he sees new evidence of the fact that Venezuela has awakened: new schools, new highways, new hospitals; bridges, aqueducts and irrigation projects; low-cost housing projects; government-operated restaurants; government-operated markets; public works of many types; agricultural experiment stations; reforestation projects; dock and water front facilities being expanded; AND, oil!"

"Venezuela is in a 'most-favored' nation position. Its present leaders are young, intelligent and aggressive. They have ideas, and, most important of all, they have the wherewithal with which to give concrete application to their desires to bring their nation apace with modern civilization—fabulous receipts from the development of the oil resources of the country."

A Tribute To Virginia Baptists

(Continued from page 3)

life to Virginia Baptists—not only as a great editor of the Religious Herald, but as one of the leaders in determining the policies and ideals of the denomination. He was also a lifelong friend and a trustee of the University of Richmond. An outstanding member of this group, is, of course, Dr. F. W. Boatwright, who has not only wrought a miracle in strengthening and expanding the University of Richmond, and giving it a secure place in American Education, but for more than half a century he has played an important role in the leadership of the Association and has been particularly influential in leading the way to satisfactory conclusions when controversial questions were being considered. His sound judgment and his strong devotion to the Association have been fully recognized, and have had great weight in the counsels of the denomination.

In the struggle for religious freedom in this country, which began in colonial times and which continues to this day, Virginia Baptists have been pioneers. They are true champions of this cause, as they will defend the right to religious freedom for others, as well as for themselves. It is a significant thing that Virginia Baptists established a Christian college of the liberal type, knowing that no college is worthy of the name which does not have all reasonable freedom in its teaching and in its search for truth. It is well to keep clearly in mind the important truth, that a Christian college of the liberal type which has the backing of a great body of Christians and which at the same time is facing the world for service, not only functions as a worthy educational institution, but it, in fact, promotes far better the interests of the denomination itself.

Young people in ever-increasing numbers are coming to the University of Richmond, where they receive excellent training in a positively Christian atmosphere. They go out from here to all parts of the nation and to the very ends of the earth to assume positions of leadership in all walks of life, and wherever they go they carry with them the spirit of Virginia.

Virginia Baptists have every reason to be proud of their achievements during the years, but a celebration of this sort will be of little value if it contents itself with rejoicing in the past accomplishments of the Association and fails to lay upon the hearts of the present generation the solemn obligation to build upon the foundations which have been bequeathed to them and go courageously forward to yet greater achievements. Such a celebration should be not simply a glorification of the past, but a challenge for the future.
The appointment of John L. McKee, professor of Military Science and Tactics at UCLA, to the rank of Brigadier General was recently confirmed by the U. S. Senate. Born and reared in Richmond, General McKee obtained secondary schooling at John Marshall High School. After graduation in 1911 he attended VMI for two years, and from there transferred to the University of Richmond.

In 1917 General McKee, then a Lieutenant, participated in the campaigns along the Mexican Border, and by the end of World War I, he had seen action in such battles as the Asine, Asine-Marne as well as service in the defensive sector of Champagne-Marne.

In 1924 he attended the Army Infantry School and a little over a decade later he went to the Army War College following graduation from the Command and Staff School at Fort Leavenworth in 1932.

Just prior to the entry of the United States into World War II, General McKee was a member of the War Department General Staff and Chief of the Pacific Theater of War, War Plans Division.

In the fall of 1942 he was assigned to the 8th Motorized Division and was appointed Brigadier General (Temporary) on September 10 of that year. The following year he was assigned as Assistant Division Commander of the 87th Infantry Division, which saw active combat for the ensuing two years on the battlefields of Europe. The Division participated in 154 days of consecutive combat in France, Luxembourg and Germany.

Reverted to the rank of Colonel, on January 9, 1946 he was assigned as professor of Military Science and Tactics at the University of California, at Los Angeles. He will leave this post this summer to assume new responsibilities in Europe.

In addition to a number of service medals which include the World War I Victory Medal with three offensive and one defensive battle clasp and the European Theater Medal with three battle stars, General McKee holds the following decorations: Silver Star Medal, Legion of Merit, Bronze Star with Oak Leaf Cluster and the French Croix de Guerre with palm.

Corporate Ownership and Control

(Excerpts from Alumni Day address by J. B. Woodward, '07, president of the Newport News Shipbuilding and Dry Dock Company.)

"The old belief that a small, sinister and selfish group, known collectively as Wall Street, owns and controls American industry is fading, and even politicians are learning that this old myth is losing its power to influence votes."

"Purchasing power is the great force through which control of corporations is exercised. If the goods produced are not honest in quality, attractive in appearance, useful in service and reasonable in price, the consumer exercises his freedom to purchase elsewhere, profits of the wise or unfortunate corporation disappear, and unless the business mans its way failure is the inevitable result."

"A better understanding of... business or corporate management can do much to promote industrial peace and to stabilize our American system of enterprise."

"The old story of higher wages forcing higher prices, and the resulting higher cost of living bringing more demands for still higher wages, is too well and too painfully known to dwell upon."

"The hope is that as knowledge grows of how our American system of enterprise operates and of the true relationship of the component parts of our economy, there will also develop a greater restraint and a decreasing tendency to enforce selfish demands."

"... Business and industry which did such a wonderful job of production during the war years has become conscious of the peacetime necessity of telling its story convincingly to a public embracing employees and stockholders as well as the all-important consumers."

Pigskin Preview

(Continued from page 14)
squad, but if they can't block and tackle you can't win.

"We're going to learn fundamentals if we have to stay up to midnight. There's no sense having a batch of fancy plays if the players can't carry them out."

"I want my squad to know how to play football well. They may not have fifty or sixty tricky plays which they can't remember anyway. But they'll know what to do and when to do it and the plays they do learn, they'll learn well." That's straight from the man himself. And the man's high school record shows he knows what he's talking about. That record lists four state champion clubs not no single losing team.

But this is college coaching, bub. What's the difference? Not much, says Dick. He doesn't think he's bitten off more than he can chew.

All Around Westhampton

(Continued from page 15)
history majors was finally answered late in May when a chapter of Phi Alpha Theta, national honorary history society, was installed on the campus. An excellent incentive for scholarship, the minimum requirements for membership are a B plus average in history and a B average in all other subjects.

Tommy Dorsey's famous band played for Finals on June 3-4. The ancient Millhiser, scrubbed and gaily bedecked with crepe paper, will be long remembered as the scene of our last undergraduate dance.

June 5, Alumnae Day, chock full of activities and reunion fun, held only one sad note: the retirement speech at the Alumnae Senior Banquet of Dr. Susan Lough. For thirty-three years a beloved professor at Westhampton College, Dr. Lough leaves in the fall for a six months' trip to England and the continent.

We received our annuals, the handsomest, thickest (222 pp.) annuals since the war, on Graduation Day, June 7. At last the necessary material and money to put out a University yearbook was obtained and we have one to be proud of.

You might know that the lovely weather of May Day would not be repeated for Commencement. An hour before the services rain began to pour as it can only on Westhampton Hill and chairs were hastily moved from the Greek Theatre to the Chapel. Of note: the retirement speech at the Alumnae Senior Banquet of Dr. Susan Lough. For thirty-three years a beloved professor at Westhampton College, Dr. Lough leaves in the fall for a six months' trip to England and the continent.

1886
Rev. T. R. Corr, who has retired from active teaching after a notable career at the School for the Blind at Muskogee, Okla., writes from Edmond, Okla., that he has to overcome "adverse weather conditions and multiple pests" to make his garden grow.

1888—
Dr. W. H. Baylor, who retired from the active ministry after more than a half-century of Church service, was invited back to Grace Church in Baltimore, May 2 to preach on the 50th anniversary of his first sermon as pastor there. On the Church rolls are eighty-five members who were there then when Dr. Baylor completed his pastorate—thirteen who were there then when he began it. After his graduation from Southern Baptist Theological Seminary at Louisville, Dr. Baylor accepted a call to Grace Church in 1888 and remained there until 1913 when he became secretary of the Maryland Baptist State Mission Board. In 1927 he accepted a call to the Park View Baptist Church where he remained for fifteen years.

1894—
Dr. W. F. Dunaway, professor emeritus of American History at Pennsylvania State College, has been commissioned by the Pennsylvania Historical and Museum Commission to edit and rewrite the two-volume work on Frontier Forts of Pennsylvania. Dr. Dunaway, the youngest and tallest member of the class of 1894, of which he was vice-president, carried away with him at graduation the Greek Medal.

1895—
Dr. James H. Franklin, although he has retired from the active ministry, participates in the religious life of the community and is a frequent visitor on the campus which is in easy walking distance of his home at 6430 Roselawn Road. His full career included several pastorates, both in the United States and abroad, as foreign secretary of the American Baptist Foreign Mission Society, and ten years as president of Crozer Theological Seminary.

1898—
Dr. Worley F. Rudd, dean emeritus of the School of Pharmacy at the Medical College of Virginia, received the honorary degree of Doctor of Humanities from Tampa University in January. Dean Rudd, who recently won the Herty award for outstanding contributions to chemistry in the Southeast, was cited by Tampa University as "chemist, scientist, professor and educator, distinguished citizen of the South, and co-founder of the Southern Association of Science and Industry." Meanwhile, the Virginia section of the American Chemical Society voted him an award for his researches and contributions in improving the professional standing of chemists.

John E. Johnson, in a letter to classmate William L. Prince, says he has retired after thirty years of service with the Virginia Pilot Association at Norfolk. "Was it Dr. Mitchell," he asks, "who said he expected to read Latin in heaven? I won't bother about that. If I may get there and be entirely comfortable, I'll be happy—and especially so if I may meet the old teachers and classmates."

June 10th was "University of Richmond Day" at the Bolles School, Jacksonville, where Principal E. S. Ligon awarded diplomas to seventy graduates. Capt. Francis Lee Albert (Chg), 19, preached the baccalaureate sermon, and President Hills Miller, '24, of the University of Florida delivered the commencement address.

1901—
Rev. Percy Pemberton, a minister and teacher since his graduation, is now with the Zambesi Mission in Nyasaland, Africa.

Dr. J. W. Cammack, after supplying the First Baptist Church at Prescott, Arizona, since last November, has returned to his home in University Heights, Richmond, for the summer months.

1902—
After more than forty years of continuous service in the ministry, the last eighteen with the Marion (Va.) Baptist Church, the Rev. William Hugh Carter has retired from the pastorate and is now devoting his time to supply work and religious education.

1903—
Back in the States after forty years in the mission field, the Rev. James C. Quarles is residing at 2600 Fernhill Avenue, Richmond. His work has been done at Montevideo in Uruguay, at Buenos Aires where he spent fifteen years, and atendoza in the Argentine.

1904—
When Baltimore dedicated a bronze equestrian statue memorializing Generals Robert E. Lee and Thomas Jonathan (Stonewall) Jackson in May, Dr. Douglas Southall Freeman made the address. The distinguished editor of the Richmond News Leader and biographer of Lee said Lee and Jackson composed the "greatest combat team" in military history. He said the South lost the war but won the peace.

1905—
C. W. Dickinson, Jr., director of school libraries and textbooks for the Virginia Department of Education, is growing seven grandchildren for the University. In his important job with the State, Mr. Dickinson supervises the public school library service, the preparation and distribution of lists of approved books and other teaching materials, the purchase of teaching materials with State aid, and the distribution of these materials to the schools.

1906—
Morris Sayre received the honor cup award of the Lehigh Club of New York at the club's spring dinner. Mr. Sayre received his M.E. from Lehigh in 1908.

1908—
Dr. E. P. Wightman has been connected for the past twenty-eight years with the Eastman Kodak Company at Rochester, N. Y.; for the past seventeen years as research chemist in the Kodak Research Laboratories, and since then as a technical editor in the Sales Service Division. He is married and has two sons, Arthur, Yale, 43, who is now a graduate student in nuclear physics at Princeton, and Robert, a third-year student at the Yale School of Fine Art. The Wightmans live at 85 High Road, Rochester 12, N. Y.

1912—
Dr. E. P. T. Tyndall was recently awarded a contract for research on internal friction of metal crystals by the National Advisory Committee for Aeronautics. The contract calls for the payment of $11,000 to the University of Iowa by the N.A.C.A. for one year of research.

Earle Lutz has retired as secretary of the Republican State Central Committee and the party's executive director in order to give his undivided time to completing a contract with the Richmond World War II History Committee.

1915—
Dr. Henry E. Garrett, head of the department of psychology at Columbia University, is lecturing this summer at the University of Hawaii.

Dr. Dudley P. Bowe, of Baltimore, president of the Star Spangled Banner Flag House Association, Inc., calls attention to the "usual slump in national morale which follows all great wars," and says that the "need for keeping the flag and the national ideals for which it stands before us is particularly vital and important at the present time." An effective observance of "National Flag Week" was carried out under his leadership.

1916—
Dr. R. C. McDannel, national president of Omicron Delta Kappa, was the keynote speaker at a regional meeting of the organization at V.P.I. recently. The meeting was attended by representatives from the University of Richmond, William and Mary, Randolph-McArdle, St. John's, Virginia, and Washington and Lee.

Col. Thomas R. Aaron, now commanding officer at Fort Armstrong, T. H., located in the harbor of Honolulu, isý a note accompanying his ballot for alumni officers says that "after over thirty years, I still know and remember pleasantly most of the names for whom I voted." This from John J. Wicker, Jr.: "John J. Wicker Hunt—future Richmond football player—born at San Francisco, January 22, son of Lila Wicker Hunt (Westhampton, 1942). Named for me (I say) and for my dad (he says).

1917—
Dr. Claudius O. Johnson has been signal honors by election to Phi Beta Kappa Associates, select organization of approximately 200 of the more than 100,000 members of the scholarship fraternity. Dr. Johnson, who is head of the department of history and political science at the State College of Washington at Pullman, is the author of Government in the United States and American National Government, texts which are used in some 200 colleges and universities.

James H. Barnett, Jr., a member of the law faculty of the University of Richmond since 1920, was initiated recently into Omicron Delta Kappa as an alumnus member.

Rev. George West Diehl, pastor of the First Presbyterian Church of Corpus Christi, Texas, has written a brochure, "We Presbyterians," which presents the history of the denomination and some of its distinctive creeds. It was published by the young people of the church who will receive all the proceeds from its sale. Mr. Diehl also wrote the words for a cantata, "Lotos Deo," which was given its premiere on Easter Sunday.

1918—
Percy Ryland Fox writes from Bluefield that daughters, Nina Carolyn, four and a half, and Rebecca Ryland, one plus, are looking forward to enrolling in Westhampton.

1920—
Rev. Jesse H. Hite celebrated his 27th month in the Petersburg Avenue Baptist Church in Hagerstown, Maryland, by paying off an $8,000 mortgage on the building. Mr. Hite is a member of the board of trustees of Southern Baptist Theological Seminary at Louisville.
1921—
George C. Richwine, deputy clerk of Richmond Chancery Court, has accepted a position as assistant title officer of the Richmond branch of the Lawyers Title Insurance Corporation.

1922—
Russell W. Eanes has been named agency supervisor of the Atlantic Life Insurance Company. Previously he had served six years as general agent of the Protective Life Insurance Company.

R. M. Coppenhaver heads the R & D Corporation at Bristol, Tenn.-Va., which manufactures some 50,000 to 50,000 wood turnings daily for the Northern Electric Company, Canadian Government, the Western Electric Company, and A. T. & T.

During the war his organization manufactured carbon parts which were used in the construction of the atomic bomb.

From the National Kunning Teachers College in Kunning, China, Cheng-Yang Hsu is acting as administrator for the White's Chest which aids underprivileged and starving Chinese.

The White's Chest, which was founded by Edward S. White, has its headquarters in Atlanta.

The report submitted to Mr. White by Mr. Hsu tells of the donations of large sums of money to sick Chinese families, struggling students, and other deserving persons.

1923—
Bruce (Bee) Stockton is in Southern Korea with the Twenty-Fourth Corps as Director of Civilian Personnel.

1924—
Dr. Elton C. Cocke has been elevated to associate professor of biology at Wake Forest College where he has been a member of the faculty since 1938. Wake Forest College "is very proud," he writes, "to claim President Modlin as one of its alumni."

Dr. Thomas A. Dekle writes that Thomas Allison, now a sophomore in Tennessee Military Institute, expects to be ready for Richmond College by 1951.

Rev. E. H. Puryear has been pastor of the First Baptist Church at Avon Park, Fla., since 1944, and has taken an active part in the civic as well as the religious life of the community. He has served two terms as a director of the Highland County Tuberculosis Association, and as president of the Avon Park Children's Committee. He has served as a member of the Baptist State Mission Board, and as executive of the Avon Park Ministers' Association, and of the Highlands County Association of Churches. Before moving to Florida, Mr. Puryear had served churches in Arlington County and at Gate City. Mrs. Puryear is the former Louise Teten, a Furman graduate. The Puryears have three children.

Dr. C. W. (Foots) Miller of Fredericksburg writes that his daughter, Corinda, was recently married to Samuel E. Overley, Jr., who is studying mechanical engineering at V.P.I.

The editorship of the Claim Division Bulletin is the latest in a series of "in-addition-to-other-duties" assignment of Davis T. Ratcliffe, educational director of the New Amsterdam Casualty Company in Baltimore.

1925—
John R. Cheatham, who operates the Key Chevrolet Sales at Fredericksburg, Md., is pining to return to the campus and to visit old friends in Richmond. Right now he's too busy selling Chevrolets and Cadillacs.

1927—
After twelve years with the Federal Government, first with the Department of Agriculture and then with the Department of Justice (P.B.I.1), James Harmanson, Jr., has returned to private industry. Since January 1st he has been administrative counsel with the National Council of Farmer Cooperatives in Washington.

Dr. Thomas Eugene West has returned to his pastoral duties at the Dudley Street Baptist Church in Boston after a two-month tour of South America with his bride, the former Gene Newton of Richmond. The congregation gave Dr. and Mrs. West an automobile as a wedding present.

Winston F. Dawson is now employed as a budget analyst for the War Assets Administration. He was mustered out of the army in 1946, after three years of service during which he rose from private to chief warrant officer. Since August 23, 1942 he has been married to the former Eleanor Rivers Brown of Logan, W. Va.

W. Lee Smith, who operates Smith Drugs in Omaha, has been elected president of the Omaha Chapter of the Cooperative Club International for the fiscal year July 1, 1946 to June 30, 1949.

W. G. (Cotton) Thomas is the Division Manager for the State of Georgia with the Beech-Nut Packing Company. He is located at Atlanta, and is an active member of the Morningside Baptist Church. Among the outstanding ministers who have addressed the church in recent years have been Dr. George W. Sadler, '10, and Dr. J. Maurice (Hank) Trimmer, 27. The Thompsons have an 11-year-old son.

Dr. Elton C. Cocke has been elevated to associate professor of English at Columbia University, has been named chairman of the English department of the boys' school Avon Old Farms, near Avon, Connecticut. The school was founded in 1919 by the late Mrs. Theodate Pope Riddle, wife of a onetime U. S. Ambassador to Russia.

1928—
Arthur W. Harrison, General Commercial Manager for the Chesapeake & Potomac Telephone Company of Virginia, served as vice-chairman of the important committee on convention organization for the National Convention of the American Red Cross in San Francisco in June. He was recently elected vice-president of the Richmond Rotary Club.

Elmer B. Potter, who is a triple-threat at Annapolis as teacher, writer and speaker, has bought a house on the water, into which he moved April 1. These duties, and a number of side jobs have kept him in "a state of quiet hysteria all spring." A recent stepping assignment carried him by plane to Pensacola.

After fourteen years selling in the field, Clifton H. Robertson is now working in the Home Office of the Prudential Insurance Company in the Field Training Division at Newark, N. J.

Rev. E. H. Puryear has been pastor of the First Baptist Church in Norfolk and has taken over his new duties as pastor of Hayes Barton Baptist Church in Raleigh, N. C. Prior to accepting his new assignment, Dr. Puryear had served at North Wilkesboro, N. C. He was president of the North Carolina Pastors' Conference for 1944. In 1946 he was chosen as president of the Virginia Baptist Pastors' Conference. He is a member of the board of trustees of Fork Union Military Academy.

1929—
After Mrs. Riddle's death in 1946, the trustees interviewed some twenty-five candidates from whom they selected Mr. Pierpont. The new head was once headmaster of the lower form at a Baltimore school, and during World War II he was in charge of Navy school.

Rev. Charles Albert Morgan has taken over his new duties as pastor of the Clifton Street Baptist Church in Richmond, after serving as pastor of Berea and Goochland Baptist churches of the Dover Association for twenty-one years.

Rev. B. V. Madison has accepted the pastorate of St. Luke's and Walhalla Baptist Churches in Caroline and Spotsylvania counties. Previously he had served as pastor of Beulah, Pope's Creek, Rappahannock and Welcome Grove Baptist churches in Westmoreland and Richmond counties. Mr. Madison is an active member of the Rappahannock Baptist Association and is a former secretary of the Northern Neck Baptist Ministers' Conference.

Rev. H. G. Reynolds, for six years pastor of First Baptist Church at Narrows, Va., has accepted the pastorate of Liberty Baptist Church which is located on the New Kent-James City line on U. S. Route 60.

Bernard C. O'Sullivan is in law school (night) at the University of Maryland and expects to receive his law degree this summer. He is employed as a clerk in the Supreme Court of Appeals.

Thomas C. Yeaman has been transferred from Washington to Richmond as Revenue Methods and Result Survey Supervisor for the Chesapeake and Potomac Telephone Company of Virginia. The Yeamans expect to move into their home at 517 Tockahoe Boulevard about August 1.

1931—
Stanley I. Craft is credit manager for the N. W. Pugh Company in Roanoke.

Robert Fitzgerald has been serving for the past year as branch manager for Smith-Douglass Company, Inc., at Wilmington, N. C. The company built a new plant in 1946 to serve southeastern North Carolina and South Carolina. The Fitzgeralds have one child, a girl.

The national news services are making much of the fact that Watkins M. Abbott, recently elected to the National House of Representatives from the Fourth Virginia district, is the first man on the House's alphabetically arranged list. It has been suggested that he get a bicycle or a motor scooter to get from his office to the House floor for roll calls. Although a Representative missing the first call may vote on the second—and thus find out how the wind blows—Abbott has been resisting voting on the first ballot.

1932—
Christopher Lawrence McRae of Richmond has received the bachelor of divinity degree from Union Theological Seminary.

Russell Whalen's many friends will be glad to know he is well on the road to complete recovery after suffering a heart attack at his home in Boston on Easter Sunday. Russ is sales manager and treasurer of the Moxie Company.

1933—
Robert Randolph Jones, former commonwealth's attorney for Powhatan County, is now practicing law in Richmond. "Railroad" writes that he has two sons, both of whom will be entered in Richmond College.

Henry J. Whalen, Jr., is employed in the Ground Safety Section of the Wright-Patterson Air Force Base at Dayton, Ohio.

1934—
Born: A daughter, Mildred Julia, to Mr. and Mrs. Harold Van Allen at Memorial Hospital, Danville, May 10. (This makes three girls.)

Harry A. Roberts, who has returned to Richmond, after an absence of five years, is the proud father of a baby girl, born February 18. Harry is now connected with the investment firm of Anderson & Strudwick, 807 East Main Street. This from Alvin E. Holland: "Since returning from the army I have gone from the ridiculous
to the sublime. Instead of returning to my old job as detective with the Richmond Police Department, I have gone into business with my brothers who manufacture Wilbert Asphalt Burial Vaults.

W. Hughes Motor Co.

1935—

People who complain about the monotony of "four walls" will get no sympathy from Major John F. Wall who is station weather officer at Wright-Patterson Air Force Base, Dayton, Ohio. He enjoys his duty and most of all the "four little walls scurrying about our house."

Since May 1st, Leon F. King has been at Mobile, Alabama, where he has been in charge of the production of a new plant manufacturing a plastic coated fiber glass.

William J. Phillips took office as commonwealth's attorney of Warren County on January 1st. He has been in the practice of law at Front Royal since he was removed out of the Navy in 1946 with the rank of Lieutenant Commander. Dr. John L. Leuen has been appointed to the faculty of Seton Hall College at Newark, N. J. He is also serving as lecturer on legal aspects of public health at Teachers College, Columbia University, and also at Columbia's School of Public Health.

Fred O. Funkhouser is manager and assistant treasurer of the Harrisonburg Loom & Thrift Corp. The Funkhouse has two sons, Charles and Douglas.

Harry Lee King, Jr., is doing graduate work in Spanish at the University of Michigan. George McClure, II, 5, and Sterling Copley, born October 19, occasionally.

1936—

Dr. John N. Pastore has opened his office at 1001 West Franklin Street in Richmond for the practice of exodontia, oral surgery, and for diagnosis.

Born: to Mr. and Mrs. J. W. Berkeypile, a daughter, Jean Warren, on January 6. Mr. Berkeypile is serving as the summer chaplain at Shrine Mont, Orkney Springs, Va., the Episcopal Conference is from Yorkshire, England, and is "delighted with them talking" for the Chesapeake and Potomac Telephone Company of Virginia. His wife, Gwen-dolyn, to whom he has been married for a year, is from Yorkshire, England, and is "delighted with Virginia and Richmond."

Dr. Joseph M. Straughan was married to Mary Harriet B. Holt, W. Va., on Sunday, June 6, in St. Mark's Episcopal Church, Rich mond. Dr. Straughan, who received his M.D. from the University of Pennsylvania in 1942, served six years in the Navy's medical corps. He is now in the practice of medicine in Logan County, W. Va.

Rev. Francis Tondall, rector at Bremo Bluff, Va., is serving as the summer chaplain at Shrine Mont, Orkney Springs, Va., the Episcopal Conference is.

Marrried: Bertrie Mae Etheridge and Ch. Capt. Donald E. Trump, ORC, April 20, at Salt Lake City, Utah. (At home: 102 Middle Point Road, Building 29, San Francisco 24, Calif.)

Philip H. Tomlinson, pastor of the Phoebus (Va.) Baptist Church, has been elected president of the Army and Navy Chaplains Association for the Pacific area and reports that a new church is now nearing completion.

Born: a son, Eugene W. McCaul, Jr., in Richmond, February 19, Gene, Sr., a lawyer, has offices in the State-Planters Bank Building.

1939—

Jack Sanford, a member of the coaching staff at Randolph-Macon College, is seeing a lot of these United States as a professional baseball player. He is currently with the Los Angeles Angels of the Pacific Coast League. He started the season with Jersey City.

W. P. (Buddy) Lawless is a North Carolina representative of the Reynolds Metals Company. He is located at 1234 Biltmore Drive, Charlotte.

Born: to Mr. and Mrs. J. W. Berkeypile, a daughter, Jean Warren, on January 6. Mr. Berkeypile has been transferred from Du Pont's Rayon Division in Richmond to the Nylon Division at Wilmington, N. C., as supervisor of the Nylon Sales Laboratory.

Lee Copley is practicing law in Norfolk (Helena Building).

Bob Leitch is managing the Fredericksburg branch of the Bottled Gas Corporation of Virginia.

1940—

The Rev. J. R. Noffsinger has been installed as pastor of the Tabernacle Baptist Church of Richmond. Dr. Solon B. Cousins, chairman of the department of religion at the University, directed the service.

Dr. David D. Dexter has begun private practice in dermatology on Long Island, following two years of internship at Johns Hopkins Hospital, and more work at the New York Skin and Cancer Clinic.

Clyde Bailey Lipscott is pastor of Webster Memorial Church in Richmond. During the war he served as chaplain with the Marines in the Pacific.

Harris J. Dick is now head of the mathematics department at David Lipscomb College and member of the Chapel Avenue Church of Christ, Nashville, Tennessee. On June 4, he was awarded the degree of doctor of philosophy in the department of mathematics at George Peabody College for Teachers.

John A. (Jack) Long has been elected to the city council of Petersburg at the age of 28 . . . youngest city father in the history of the community.

W. V. (Bill) Farley reports he is "still keeping them talking" for the Chesapeake and Potomac Telephone Company of Virginia. His wife, Gwen-

A. N. Thompson, Jr., reports from Burbank, California, that all the Wick killed, and "we are enjoying our pastorate."

Dr. L. M. Galbraith is practicing medicine in Norfolk, Va. He is married and has two sons.

Born: a boy, Mark Evans Cornell, to Mr. and Mrs. Eugene Cornell, Jr., Oakdale Farms, Norfolk.

1941—

John Wesley Pearsall, Richmond attorney, is the new president of the Virginia Junior Chamber of Commerce. He was elected at the organization's 100th convention at the Hotel Chamberlin, Old Point Comfort.

The Rev. William W. Gravatt has accepted the pastorate of Fort Lewis Baptist Church, Salem. He was formerly pastor of the Lael, Stevensburg and Brandy Baptist Churches in Culpeper County.

Rawley Fleet Daniel has been appointed director of the Monarch Life Insurance Company for the Richmond and Eastern Virginia area, with offices in the State-Planters Bank Building in Richmond.

The Rev. Charles William McNutt, who has been working toward his Th.M. degree at Union Theological Seminary, is now the Bluestone Presbytery's Home Missionary, with headquarters in Pinewilde, Va.

The Rev. R. Stuart Grizzard reports big activity at his Orange, Va., Baptist Church. The Church has authorized a building program which completely modernizes the Sunday School plant, adds a new part to the rear of the school building 40 feet by 40 feet, two stories high with a full basement, and enlarges and rearranges the choir. The estimated cost is $50,000.

E. M. Adams has accepted a three-year appointment as assistant professor of philosophy at the University of North Carolina, beginning September 1.

Dr. Martin Markowitz is "still grinding away on his surgical residency" at the Medical College of Virginia Hospital in Richmond. He hopes to practice in Richmond after graduation.

James H. Donohue, Jr., is in export sales with the Southern Biscuit Company of Richmond.

The Rev. Thomas O'Connell reports that his church in Coatesville, Pennsylvania, is having a fine year and "we are enjoying our pastorate."

Born: Robert T. Brogan, Jr., to Mr. and Mrs. Robert T. Brogan, Jackson Heights, Long Island, N. Y. Brogan reports he is "still involved in the flying game, shuttling between New York and various European terminals with American Overseas Airlines."

Married: Martha Washington Mason, Iron Gate, Va., and the Rev. Nathaniel Bernard (Nick) Habel. Nick has completed his first year as pastor of the Boykins, Va., church, and reports improvements to the building both within and without the church. The Rev. W. R. Lushington, 21, of Richmond, was guest speaker on June 13 during the church's Christian Education Month.

Born: a son, Clark Chastain Jones, to Mr. and Mrs. William H. Jones, Jr., of Midlothian. Mrs. Jones is from Douglas, Ga.

Married: Anne Lee Wright, of Portsmouth, and T. H. McVay, Jr., Princess Anne Road, Norfolk.

Married: Ruth Ellen Klingelthofer, Baltimore, and rarely Skylar Green, Jr., on March 27.

Married: Audrey Jeanne Buchmiller, of Gladstone, Michigan, and Alvin Francis Beale, Jr., of Ann Arbor, Mich., and Richmond.

Born: a son, Robert Cormack, to Lt. Comdr. and Mrs. S. J. Wornom, Princess Anne Road, Norfolk.

1942—

A. N. Thompson, Jr., reports from Burbank, California, that all the Wick killed, and "we are enjoying our pastorate."

Dr. L. M. Galbraith is practicing medicine in Norfolk, Va. He is married and has two sons.

Born: a boy, Mark Evans Cornell, to Mr. and Mrs. Eugene Cornell, Jr., Oakdale Farms, Norfolk.
Philip Spahn is with the United Press Association's Hartford, Conn., bureau. He married Mary Mesner, a graduate of Earlham College, Indiana, in 1946.

The Rev. Charles W. Krause has been elected Baptist Training Union director of the Augusta Baptist Association for the coming year.

Vernon T. Lankford, of Orangeburg, N. Y., is now working toward a professional degree. After receiving a master of arts degree from the Teachers College, Columbia University, in educational administration, during February, Vernon was married to Miss Margaret Holland, of Nassawadox, Va., in August of 1947.

Donald K. Robertson, of Baltimore, has been promoted to the position of senior vibration engineer at General Motors Corporation.

R. C. (Bob) Cotton, Jr., is practicing law with the firm of Moyle and Wanlass, Warner Building, Washington.

Engaged: Faith Richardson, of Milton, Mass., and James H. Barnett, III. Mr. Barnett is now at the Harvard University law school.

Married: Betty Jo Corbus, Charlotte N. C., and Malcolm U. Pitt, Jr., Richmond. Mr. Pitt is a member of the faculty at Woodberry Forest School.

Married: Martha Anne Jackson, of Dade City, Fla., and Dr. Claude Gibson Hooten, Jr., of Lynchburg, Dr. Hooten is on the house staff of Emory Hospital.

Robert D. (Bob) Gano writes from Chapel Hill, N. C., that Ben Rouzie is "teaching the academic path" with him at the University of North Carolina. Gano is doing graduate work and teaching.

I. Ray Baker is currently attending the summer session at the College of William and Mary. He teaches school at Poquoson High School, Jefferies, Va., where he says he likes the job very much.

Dr. C. Sidney King is serving at Camp Kilmer, N. J., with the United States Army's station hospital. King interned at the Boston City Hospital after graduating in 1946 from the school of medicine of the Medical College of Virginia.

W. A. MacKenzie, Jr., reports from New York City that he begins the practice of law in Louisville, Ky., on August 1, with the firm of Skagged, Hays and Fahey.

Richard C. (Dick) Owen, Jr., continues as advertising manager for the Nestle-LeMuer Company in Meriden, Conn.

O. Edwyn Luttrell, pastor of the Main Street Baptist Church, Emporia, Va., delivered a series of five lectures at the Hampton Institute Minstres' Conference on the New Testament during June. Some 300 ministers of all denominations attended.

Victor Eugene Pregeant, III, is "a personable young fellow with a host of war stories, some of which he may be able to adopt for jury use. He has a quick smile, a hearty laugh, and a gift of gab," said the Richmond News Leader in a recent profile on Pregeant. Now 25, Pregeant is assistant city attorney of Richmond.

Born: a son, Stephen, to Mr. and Mrs. Roger L. Harris at Sanford, Fla., April 22, Roger is studying for his master's degree at Stetson University.

Engaged: Miss Marilyn Ruth Starkman of Wakefield and Dr. David J. Greenberg of New York. Both are members of Phi Beta Kappa. Dr. Greenberg, graduate of the Medical College of Virginia, is now interning at the Maloney Institute of Pathology at Boston City Hospital. Mrs. Greenberg, a graduate of Radcliffe, will study with Heinrich Gebbhard.

Married: Virginia Ford of Hopewell and Allen Flannagan of Louisa, at St. John's Episcopal Church, City Point, on June 19th. Allen, who taught in Hopewell last year, will return to Louisa as director of athletics in Louisa High School and a teacher of American history.

Married: Jane Carolyn Blalock and Thomas Staley Shively, Jr., Mr. Shively is now a student in the Medical College of Virginia.

James E. Hubbard, representing the Richmond Agency of the Massachusetts Mutual Life Insurance Company, has been awarded the company's home office review school diploma for satisfactory completion of the prescribed course of a study in Life Underwriting.

Lincoln Baxter, II, is majoring in physics and minoring in astronomy at Cornell where he hopes to get his master's degree next year.

John R. Burton is attending the dental school of the Virginia Commonwealth University. Mr. Burton is the former Juliet Campbell, daughter of Thomas C. Campbell, '09, live at 519 South Shippard Street.

1947—

Walter B. Hoover is editing The Virginia Poultryman for the Virginia State Poultry Federation in Richmond.

Engaged: Mary Virginia Grigg of Richmond and Joseph Emory Mathias of Clarksburg, W. Va. Mr. Mathias is now a medical student at the Medical College of Virginia.

Married: Patricia Ann Parlow of Sarasota, Fla., and David Daniel.

Married: Mary Elizabeth Wade of Richmond and Gordon Chester Owens of Fountian, N. C. Mr. Owens is a graduate student in Columbia University.

Engaged: Iriss Richard Barbour, '48, of Rockville Centre, N. Y., and Arthur H. Strohmenger, Jr. of Colonial Heights. The wedding will take place in August. Mr. Feinberg, an Army Air Corps pilot, is now with the Virginia State Corporation Commission.

Engaged: Beatrice Louise Cordova, '43, and Robert Clifton Long. The wedding will take place in Richmond in September.

Engaged: Mary Jane Sprey, '48, of Petersburg and James Lamont Sneed, Jr., of Colonial Heights. The wedding will take place in the late summer. Mr. Sneed is attending the T. C. Williams School of Law.

Married: Marian Lee Fiddrell and Dudley Walton, Jr., in Richmond in June. Mr. Mallory served as an AAF pilot in World War II.

Engaged: Sally Whitehurst Harding and Lewis Bailey Hasty. Mr. Hasty, who served in the Navy in World War II, is now in the Medical College of Virginia.

Rev. George Edward Reynolds, pastor of a field of three churches in the Aulander, N. C. area since June 1, was ordained to the Baptist ministry at a service in Biltmore Baptist Church in June.

Spencer M. King, who is working on his Ph.D. in chemistry at the University of Virginia, was recently inducted into Alpha Phi Sigma.

Russell T. Cherry, Jr., who has been attending Southern Baptist Theological Seminary, is serving as assistant pastor at South Street Baptist Church in Jacksonville during the summer. He will enter Union Theological Seminary and Columbia University in the fall for further study.

Milton D. Miller is operating his own business in the city of William and Mary, Inc. Junius E. Foster, Jr., who has just completed his first year at Crozer Theological Seminary, is pastor of the Zoan Baptist Church in Sosnolinsi County and the Hull's Memorial Baptist Church in Stafford County. Mr. and Mrs. Foster (Dottie James, '47) are living in the Betty Lewis Apartments of Mary Washington College during the summer.

Simeon P. Taylor, III, is enrolled in Teachers College at Columbia University after a very busy year at Warwick High School at Morrison, Va., where he taught mathematics. His extra-curricular chores included the business end of the school yearbook, the direction of the senior play, and coaching forensics. One of his pupils won the State championship in the American Legion Oratorical Contest.

We welcome William Bryan Badenoch, III, who arrived April 6. The Badenoches live at 8019 Three Chopt Road, Richmond.

1948—

Married: Ruby Burnelle Heath and Hildred Dalias, Jr., of Portland, Ore., in Richmond, June 25. Mr. Jordan served with the Marine Corps in the South Pacific.

Married: Howie Brock Bingham of Weverton, Md., and Kent Lee Kisler of Lebanon, Va., on June 4th in the First Baptist Church in Richmond.

Patton, Rudd Elected

Two of the nine members of the new Richmond City Council will go into office in September when the City Manager's form of government supplants the old bicameral system, are University of Richmond alumni. One, James D. Patton, Jr., 1913, led the field of 29 candidates. In fifth place was R. Hugh Rudd, '28.

Norfolk Alumni Chapter

The annual meeting of the Norfolk-Portsmouth Chapter of the University of Richmond Alumni Society was held May 18th in the Crystal Room of Child's Restaurant.

Ralph C. McDaniell, the principal speaker of the evening, brought an interesting account of recent changes at the University.

Dr. McDaniell's description of crowded postwar conditions was particularly of interest to alumni who have not had occasion to visit the University during the postwar days of record enrollments.

Dr. Mac was introduced by L. Bob Keil, '42, who is now serving on the staff of Admial Blandy, Cincin.
Westhampton Class Notes

1915—

Dear 1915—

We prove the old saying that the older children get, the more trouble they are. Most of our class are very busy with their families, and they do not take time out to write very often.

Mary Shone Brown writes she is busy and happy fixing up her garden and home in Scarsdale, N. Y. I stopped in to see "Supt" (Louise Reams Hulld) in her home in Charlotteville, Va. Her husband, who has been an invalid for years, had just returned from a seven-week stay in the hospital. "Supt" is now his efficient nurse, replacing three regulars.

We are distressed that Irene Stiff Phillips, of Tappahannock, Virginia, recently lost her husband. Irene has two lovely children, Cyd, a senior in high school, and a younger sister, Jean.

Ethel Smither is teaching in Richmond, and will teach this summer in the Graduate School of Education at the University of Pittsburgh. She will also be guest speaker for the Newark Conference of the Methodist Church.

Louise Gopfarth Schaaf is busy with her family in Richmond.

Josephine Bryce is teaching at John Marshall High School.

Margaret Monteiro writes from China that she expects to be home this summer. It has been ten years since she has been home, and we will be glad to welcome her.

Since my father’s death two years ago, I have not been running his business. So we may have been away from college for a long time, but we are still going strong.

Sara, Constance, Mary Delhia, let us hear from you. Celeste.

1917—

Anne-Ruth Harris has resigned her position as director of social service at Syracuse General Hospital, Syracuse, New York, which she has held for fourteen years, to accept a post June 1, as chief resident social worker in a psychiatric study unit of the Girls’ Service Club, Pittsburgh, Pa.

Anne-Ruth will be in Syracuse, where she has served as secretary of the Syracuse group of American Association of Medical Social Workers. She has also been active in the Syracuse branch of the A.A.U.W., the Commonwealth Club, the Business and Professional Women’s Committee of the Y.W.C.A., Fellowship of Reconciliation, Syracuse Peace Council, and Professional Women’s League.

1921—

Dear 21—

I feel like heading this Extra! Extra! I know you'll be glad to hear that we had a fine four-page letter from Virginia Lane. She is, as you know, Dr. Lane, now. She is head of the Infirmary at Mississippi College for Women at Columbus, Miss. She speaks of her infirmary as rather "imposing," especially when the physicals of the eleven hundred girls get going. She has two nurses and a maid to direct, as well. She spoke of visiting with Mary Dudley Kephanel and Alice Garner Thomas over a luncheon table last fall. Her former engagement, sent his greetings.

Since my father’s death two years ago, I have not been running his business. So we may have been away from college for a long time, but we are still going strong.

Sara, Constance, Mary Delhia, let us hear from you. Celeste.

1922—

Dear 22—

It was such a pleasure having a good news letter from Stella Goldhand (Mrs. Washington Taylor, Norfolk), recently. I looked forward to seeing her again as Radford is just over the mountain, as we mountaineers count distance.

Zola F. Redd and her daughter and namesake will graduate in music from Judson College, Marian, Alabama, this spring. Her second daughter, Sarah Dabney, is a high school girl in Thomasville, N. C. Both are talented and lovely girls, I hear.

It was surely fun having Leslie Booker, husband, and mother, whom all affectionately remember as “Mrs. Less,” as my week-end guests recently, when they were in S.W. Va. to attend the Stuart-Cochran wedding at Elk Garden. Friday night, through dinner and until late bedtime we tried to catch up on all the news of Richmond and Westhampton. In that time, however, it just couldn’t be done, so Saturday night after they returned at midnight from Elk Garden, in front of my fire and over cups of hot soup and a midnight supper, we continued. I hope Leslie didn’t forget a thing. I can hardly wait to see all the campus changes and improvements.

Thank heaven, the spring cleaning is finished, girls. Every March, I declare I am definitely opposed to spring cleaning; but then I remember that the green fields and trees, my boxwoods and flowers are more beautiful through a clean window, that invariably I relent and go through the upheaval again. I am definitely for spring cleaning after it is done.

I have also finished my seventh grade homework, as Tom “graduates” tomorrow. Young R. P. Jr. will soon finish his sophomore year at V.P.I., and we all four shall leave that day for Falls Church to attend the wedding of our niece, Betsy Dunn, to John Reginald Kellogg. Dicky will be in the wedding, his first, and is quite excited; but Tom is more interested in catching muskrats or going fishing, according to the season, than in going to weddings.

Narcissa Daniel Hargroves’ family has been making the news recently. Her husband, the Rev. Dr. V. Carney Hargroves, pastor of the Second Baptist Church, Germantown, has been elected president of the Philadelphia Council of Churches. Her daughter, Narcissa, who is seventeen, has been elected President of Student Government at The Stevens School, where she will be a Senior, and has won one of the four scholarships to hockey camps given by the Philadelphia Field Hockey Association. She will go to a hockey camp in Maine in August.

Virginia Richardson writes from Tampa, Florida, that she hopes to spend her vacation in Virginia in August.

Reba Dudley Hash, Roanoke, teaches Senior English in the Jefferson High School, and is also the Girls’ Guidance Director. She has 658 girls and says “The problems they do have.” Has anybody forgotten to send her alumnae

[22]
Dear Class of '23:

For those of us who came to the Reunion, Commencement 1948 will rival in our memory Commencement 1923. Our youthful enthusiasm of twenty-five years ago was replaced this June by the joy of renewing friendships and the pleasure of remembering college days. From the first gala event at Aggie’s on Friday through the lovely tea given by Miss Lutz and Liz Gaines on Sunday, the Reunion was a real success, and we wish that every member of ’23 could have been with us.

The fun began when we met at the Jefferson, Friday afternoon to go to Swann’s Point. In spite of twenty-five years and their quota of gray hairs, recognition was not a problem: greetings and chatter rang out in true ’23 fashion!

The greetings and chatter continued when we arrived at Swann’s Point and were welcomed by Aggie and Peck and Dora and Dennis and by Aggie’s house guests, Teeny and Tap. Of course, our first Reunion party was not complete without the faculty members who were with us twenty-five years ago—Miss Keller, Miss Lutz, Miss Lough, Miss Crenshaw, Miss Harris, and Miss Turnbough. There was also, to meet our two new deans, Miss Roberts and Miss Hamilton.

Other guests were Mrs. Ralph McDaniel, Mrs. Fleetwood, new receptionist at college, and Flo Gray, whose daughter is a senior at Westhampton.

Our evening began with a stroll over the beautiful and spacious grounds of Swann’s Point on the James, with Peck serving as efficient and enthusiastic guide. Then, at the first call from Aggie and Dora, we went inside to enjoy a delicious buffet supper. Soon after, “the girls” began to revive songs of twenty-five years ago, and laughed over our renditions of “Boaty Went a-Beggin’” because if I had sent my little bit of news for the first Fall issue of the Bulletin, then I wouldn’t have any for this one!

I was in New York in February and I spent a delightful day with Carlene Broach Wagner—it was such a treat to see her again! We had lunch together and went to a show—I was disappointed that I couldn’t get out to her house and see her family but we’ve planned that for next time.

Patty, Carlene’s older daughter, is at the University of Colorado, which she likes very much. She is a member of the Chi Omega Sorority. Mildred, her second daughter, who is sixteen, hasn’t decided where she wants to go to college yet, but knows she doesn’t want to go quite as far from home as Colorado. I suggested Westminster, but I think she wants an art school. Carlene’s son, Bobby, is ten—he is a cub scout and Carlene is a den mother for his group. I think she is just as interested in his scout activities as he is.

I had a nice telephone conversation with Agnes Jones the last time she was at home. She has been in Providence, Rhode Island, since September, 1946, in the Providence Public Library. She says she usually gets home about twice a year—at Christmas time and in the summer. Agnes is just as enthusiastic about Providence as she was about Portland when she was living there.

Norma Coleman Bordowitz and her husband went to Florida last winter for a vacation. She said she had such a wonderful time that she would like to go every winter. Wouldn’t we all?

Agnes Jones told me about two of our members whom I had “lost”—Louise Wilkinson Morton and Elizabeth Cosby Carver. Louise is back in Jacksonville, Florida, again but at a different address—3605 Richmond Street. Her daughter, Jeanne, who won the baby cup for our class, is at Middelbury College in Middlebury, Vermont, where she is majoring in languages. Elizabeth is back in Atlanta, after traveling around with her husband during the war—I don’t have her street address.

Frances Waterfield Baldy and I were the only members of ’24 at the last local alumnae meeting, which was held at the College just after the May Day exercises. We rode back in town together and had a nice visit on the way. She had a darling picture of her little girl, who goes to Collegiate.

Please, all of you, try to find time to write me during the summer, so we will have a lot of news for the first Fall issue of the Bulletin.

Sincerely,
Margaret F. Carlton,
1305 Wilmington Avenue,
Richmond, Virginia.

If it is made by FOSTER STUDIO there will be

“Nothing Missing But the Voice”

Virginia’s leading photographer for 56 years
1925—

Estelle Outten Chandler has been teaching at Cape Charles for the past three years. She is also active in church work, and is at present superintendent of the accomac Woman’s Missionary Union.

1926—

Dear 26—

A recent professional trip of Dr. Louise Fry Galvin to Martinsville yielded welcome news of ’26 as well. Louise had lunch at Mary Payne Smith’s with Margaretta Roper Tuggle and Ruth Boykin Smith. That night she spent at Margaretta’s, and had the pleasure of meeting two of the three Tuggle children: one, a boy who is quite musical, the other, a girl. Margaretta’s older son was away at school, the University of Virginia.

Ruth Boykin Smith has a daughter, aged three, hitherto unreported as far as I know.

At long last Margaretta has had a letter from Lila Dedmon (Mrs. Fleet Smallwood) confirming the report of the death of her husband in 1943. Lila’s stepson lives with her in New Bern, N. C. A stepdaughter is married and lives in Hawaii.

In the same letter from Lila came news of Emma Huntley (Mrs. Robert G. Turnbull) also of New Bern. Emma has two daughters, Gail, a sophomore at Vassar, and Joan, a student in a private school in Norfolk.

Miss Lough was much pleased to see Lillias Mason Ferguson looking very sweet and pretty recently at an Eastern Alumnae Luncheon to gether at Parkley. Miss Lough visited the group with Dean Roberts and Mrs. Leslie Booker.

And I was delighted to see Evelyn Abraham one day not long ago downtown. I still expect that letter, Evelyn! ’26 was proud indeed to claim this June’s alumnae symposium speaker, Louise Fry Galvin. Dr. Galvin gave a comprehensive and compelling count of her work in the Rheumatic Fever program of the State, and as director of the Crippled Children’s Bureau of the State Health Department.

Ten members of ’26 gathered around a special table at the Alumnae Luncheon on June 5, with Miss Lough as our guest of honor. She looked so well and wore one of her corsages that I know of.

Our report of her work in the Rheumatic Fever program was well received, and that Mary Louise is still collaborating in writing textbooks.

Sincerely,

MARIAN MARSH SALE, (Mrs. Frederick Sale), 6103 Wesley Road, Richmond, Virginia.

1927—

Dear ’26,

There isn’t very much news to pass on this time. Eleanor Waters Ramsey’s daughter is a year old now and Eleanor reports that she is a constant source of joy, and surprises her daily with some new accomplishment.

Maude Everhart Tremper’s husband will be on a leave of absence from his guidance post in a Long Island High School this summer to manage a baseball club somewhere in New England. Maude and the three boys plan to go up, too, provided they can find a suitable place to live.

Jean Wright Woodfin, of ‘25, is now an instructor at Dunbar School in Henrico County this year. Her older son, Dickie, is an eighth-grader in the school in which they teach, and the other day I noticed his name on the Honor Roll. John, the younger boy, is a third-grader.

’27 isn’t doing too well in this year’s alumnae contributions. We know you, the swimming pool fund must grow and we must make its growth possible through our contributions to the alumnae fund. Please send your check to Leslie Booker, and please, please send me some news about yourselves.

Sincerely,

DEE KELLY.

1928—

Dear ’28ers (Who did not get to our reunion):

We missed you so much and tried to find out everything we could about each of you, but there were still some that we knew a little about.

Mildred Anderson Williams did a grand job as class secretary, and consented to continue as such. We were accused of having been dead for at least fifteen years, but she was very pleased with our awakening.

Twenty-four of us made the buffet supper at Kathleen Hagoon’s. Kathleen has a precious home at 4000 Hanover Avenue, where she lives with her mother and two nieces. The Richmond girls who assisted Kathleen in entertaining were Frances Anderson Stallard, Henriette Greenbaum Kohn, Virginia McMurtry Lyon, Margaret Knight Dillon, Virginia Pleasant Robertson (of nearby Chester), Mildred Anderson Williams, Elizabeth Harris Jones, Nora Torpin Turner, Mary Jenkins, Thelma Cheatham, Annc Myers Craigie, and Beverly Neal Klutz.

Everything was lovely, and the food delicious. Of course, we were all so excited that we could have eaten sawdust with relish.

We decided that Sarah Cudd Gaskins had won our imaginary class medal, She had driven that day from Spartanburg, S. C., with Lee, Dr. Cudd and her sister, Sonya, along with two of her five children, the oldest, Nancy, thirteen, and her three-months-old baby.

Others from out of town at the supper were Kathleen Meldrum, Thorpe from Hyattsville, Md.; Margaret Chapin Perry, Owensboro, Ky.; Gray Robinson French, who moved to Silver Spring, Md., from Laurel on July 1st; Buckner Fitzhugh Pamplin, Aberdeen, Md.; Hazel Anderson Carpenter, Lynchburg, Va.; Dorothy Seay Brumbaugh, Scarsdale, N. Y.; Helen Covey Milius, New York City; Louise Eubank Gray, Saluda, Va.; Betty

No Florist Flowers Are Fresher Than Ours

Sherman Cale, Bethesda, Md.; and Louise Massey Crisp, Staunton, Va.

The next day was full. Those of us who had stayed in the dormitory had little sleep—entirely too much talk about—and so very much to do. We were delighted when we were joined on Saturday by Dixie Baker Owens, from Saluda, Va., Lucy Williams Seaton, Richmond, Miss; Kathleen Allen, from Norfolk, and Helen Hutchinson, from Beaverdam. They brought our total up to twenty-nine.

On Friday night we had listened eagerly to the messages from Marie Lake, Susie Powell Moore, Eleanor Phystoc Fletcher, Charlotte Logan Hunt, Cecelia Hunt Wright, Carol Baker Hough, and Ethel Pond Brinkley. Ethel, or “Tillie” was distressed to have missed our reunion because of a very serious operation. She was still in the hospital, so we sent her a card with “our regrets.” I saw her later last week, in Suffolk, and she did appreciate our thoughts so much. She planned to go home the next day.

Mildred entertained us at her home Sunday afternoon. She and Alton have a beautiful place in the wooded section behind Westhampton Lake. We were so glad to see her two children, Katherine and Andy, and to meet other sons and daughters, Virginia McMurtry Lyon’s son, Jack, Henriette Greenbaum Kohn’s daughter, Paige, Margaret Knight Dillon’s stepdaughter, Sue, who will come to Westhampton in two years, Beverly Neal Klutz’s older daughter, who is much taller than Beverly, and Sarah’s Nancy and Baby. Mary Richardson Butterworth was with Dot Seay Brumbaugh, and Miss Lough came with Leslie Sessions Booker.

In spite of our gaiety we were all very conscious of the loss caused by Miss Woodin’s death. She has carved for herself a real place in the affection of the students, and has won the admiration and love of those who have worked with her. We are indeed fortunate to have had her as our class advisor.

The class of ’33, with forty-two at the 25th Reunion, has set us a real record to beat, but those of us who did go back want all of you who didn’t to begin planning now for June, 1953. We know you will never forgive yourself if you don’t make the effort.

Now that ’28 has revived, let us really stay alive for a few more years, anyway.

With all good wishes.

1929—
Elizabeth Chandler Cox has a daughter, Sarah Jane, born last October. This gives her a family of two boys and a girl. She now lives in Farmville, N. C., where her husband preaches.
Mary Stevens Jones has recently spent some time as a guest of Miriam Figgs Rankin in Connecticut. While there she also planned to see Ruth Cox Jones.
Ann Elizabeth Smith recently was awarded the Virginia Federation of Women's Clubs Latin American Fellowship for graduate study at a Latin American University of her choice. She has been teaching Spanish and Latin at Glen Allen High School.

1930—
Dear 30's,
It was such a delightful surprise to receive a letter from Helen Strickland last week. You will be interested in her doings the last few years. Helen spent the years 1937-40 at the State Teachers College in Troy, Alabama, in the laboratory school. Two years' study at Columbia resulted in a Doctor of Education degree. Helen then had two years of elementary supervising in Connecticut. Now she is Supervising Principal of the Wayne Grammar School, Wayne, Pa.
I was sorry to have missed a phone call from "Christy" or "Noni" Seay several weeks ago, when the Logan family stopped briefly in Richmond on their way home to New York from a trip south. "Frankie" Willis Overton, however, did see them for a few minutes and reports that the new Logan baby is precious. "Frankie" is looking forward to a nice long visit from Margaret Willis, '27. "Frankie's" daughter and Pauline Swink Smith's daughter are classmates in the Ginter Park School.

Sincerely,

ALICE R. CONNELL.

1931—
News is scarce this issue and you all seem to be keeping your achievements pretty much to yourselves. The big news is that we have another boy added to our list. Phyllis Johnson Pope has a son, born May 13. This is her third boy. You might be interested in a few statistics on this score. In our class of 31, we have 31 married. There are 38 children, 19 boys and 19 girls. Wonder who will break the tie?

Mildred Bingham, who is still at Mars Hill College, has been recognized for her work in various ways. She was elected to Delta Kappa Gamma in November, 1946. She has served as chairman of the Junior College Division of the Southern Business Education Association for 1947-1948, and she is a member of the Administrator's Committee of the United Business Education Association for North Carolina.

Isn't that a nice letter sent this spring from the Alumnae Office? The pictures show what great changes are being made at Westhampton. And did you notice the proposed plans for the swimming pool? Seventeen of us have sent in checks to the Alumnae Fund to make this possible. What great changes are being made at Westhampton?

Sincerely,

ALICE R. CONNELL.

1934—
We have another bride—Billie Allen will be married in July to the brother of Catherine Geoghegan. The wedding will take place in Stamford, Connecticut, and Dan and Puff McDaniel Sheburne expect to go up for the event.
Lucille Oliver Bean has a daughter about two years old who has never been reported. Why don't you send me the exact record, Lucille? I know this only because we passed each other hurriedly on the street recently.
I am anxious to get in touch with Louise Newland who was married a missionary and left for China soon after graduation. Alice, Virginia Davis and Virginia Elliott seem to have evaded us.
Katherine Brown van Allen has a new baby (May). This makes three daughters for her—Westhampton Fodder in the Future.

Frances Gee and I were the only '34's at May Day. The rest of you have no idea what a good May Day you missed. Things are different these days, with only the evening of the Queen taking place in the Greek Theatre.

Mary DeWitt Wimbush has returned after two years from Tsingtau, China, with her husband, two daughters and new son (born in October, 1947). They are lucky enough to have found a house at 1136 West Grace Street. Plans are inevitable enough about going back over there for Dee to have classes in Collegiate School next year. She looks stunning as usual, and I hope we can all see something of them while they are here.

We wish to extend our sincere sympathy to Dee and all of her family on the death of her beloved father, Dr. J. W. Lowe.

Katherine Bell has been having a tough time with recurrent back trouble she had in school. Here's hoping she will soon be up and well enough to enjoy the summer.

Sincerely,

GRACE ROWLAND WILLS.

1937—
Conway Mositure Collins and her husband, Emory Collins, announce the birth of a son, Emory Summerfield Collins, Ill, on April 18, 1946.

1938—
On June 5th we celebrated our tenth reunion with an informal tea at the home of Miss Pauline Summerfield. It was planning the occasion, while Kaki Leake and Ladies of the House, as well as Miss Summerfield, mill about the room in the background. The pictures show what great changes are being made at Westhampton. And did you notice the proposed plans for the swimming pool? Seventeen of us have sent in checks to the Alumnae Fund to make this possible. How about the rest of us?

1939—
Alice Sallee, since last September, has been working as Librarian at the Demonstration School, George Peabody College for teachers, in Nashville, Tennessee. During two quarters of the year she teaches a course in their Library School. Her new address is: Apt. 3, 1105—17th Avenue, S., Nashville.

1941—
Phoebe Thiermann has a little girl, Lelia Francis, born May 11. Her son, Anton, is now six years old. Phoebe and her husband have bought a new home in Bon Air, Virginia.

Marjorie Canada O'Riordan came up from Atlanta for a visit recently. She has been president of Atlanta's Sunday School Teachers Association and represented it at the annual alumnae meeting at college on June 5.

We missed every one of you who couldn't make it, and are looking forward to seeing you next time.

Our baby cup winner, Barbara Ross (daughter of Martha Ellis Ross) was eight years old on April 26. Barbara is studying expression this year, and Martha tells us that she has presented three programs for women's clubs in Richmond besides the regular recitals of the workshop.

We're quite proud of Sweet Carpenter. She has been named The Norfolk Junior Woman's Club's choice for outstanding junior clubwoman of the year. Sweet recently received the State poetry prize in the Virginia Federation of Women's Clubs contest for the second time, and she has been awarded many other prizes in poetry and in art. Actually, though, Sweetn't too surprised, as her ability and talents have been known to many of us all through school.

Alice Lacy Chalkeley has a seven-year-old daughter, Anne Bruce. They live at Pett Oglethorpe, Georgia, and Alice came all that distance to attend our reunion.

Mildred Lewis Masseigil has a new son, Robert Brinkley Masseigil, Jr., born May 20, 1948. Also a son, George Edward, was born to Nancy Othert Rowan on April 7. His mother says that big sister Nancy, four years old, is very proud of her little brother.

Dot Cavenhut Strotmeyer has a two-month-old son, Stephen. Her other son is now five years old. Jean Bobbitt Grubbs has two boys, one three and the other six months old. Jean had a bath after the birth of her second child and plans to spend the summer recuperating in North Carolina. Nancy Ellen is the thirteen-month-old daughter of Alice Cooke Mollison. Emily Cudl Crad's daughter Carolyn is ten months old. They live in Hodgenville, Ky. Elizabeth Darazzc Wheeler has two children—"Chuck," age five, and Anne, age two. Barbara DeJarnette Bapwell's two boys are now six and two. A Hollywood Hills girl has two children, Virginia Anne and Jane Claire.

Johanna Fisher Baldwin has three children—Barbara, June and William. Her address is Route 3, Box 224, Rockville, Maryland. Esther Webber Green also has three children—Bonnie, Richard and Nancy. They live in Miami, Florida. Minna Williams Torrance has a nine-month-old daughter, Ray. Her address is 52 Fairfield Street, Needham 92, Mass. Martha Ware Wolfer has a ten-year-old son, Stephen. Helene Miller Morrell has a daughter two years old. Adele Maxie Riddick has a one-year-old daughter and is living at Buck Rock beach for the summer. Her address is Apt. 7, Hall Apartments.

Allie Martin Holleib's son is now four years old. They live in Ashland, Virginia. Edna Loving Young has a girl five years old and a little boy of one year. Lula Goode Winfree's daughter, Susan Ryland, is almost two years old.

I think this brings us up to date on most of the second generation of our class. We don't seem to be doing badly in that respect. Julia Gunter Davidson has done a grand job.

4111 Kensington Ave.
Dial 4-3542
Richmond, Virginia
as class secretary, and I know you'll be sorry to hear that she is resigning on account of moving so far away from Richmond. I hope you will cooperate with the four of us who are planning to collect the class news in the future. One of us will contact each of you sometime soon, and let you know to whom to send your bits of information. For your convenience I'm listing the names and addresses of the contact committee: Catherine (Kaki) Leake, 408 North Meadow Street; Mrs. Charles Cosby (Jo Mallory), 2236 Monument Avenue; Mrs. James Baldwin (Douglas Gee), 6222 Jeffrey Road, and Mrs. Richard Nolting (Peggy Lockwood), Route 8, Box 658, Jahnke Road. All of us live in Richmond.

PEGGY LOCKWOOD NOLTING.

1940—

Dear Forties,

All the news I know this issue seems to be events that haven't taken place yet, so I can't tell you about them. It was disappointing to see so few of you at May Day—just Doris Hargrove, Janet Gresham Manson, Mildred Gustafson Donohue, Dell Williams Smith, and Elsie Mattingly Dickenson. The Richmond Alumnae Club had a booth where cookies, cake and candy were sold. Five people from our class were asked to contribute some food. Thanks, Emma Lou, Dell, Elsie, Mildred, Harriett and Lucy for your cooperation.

Several of our girls are moving. Mildred and Jimmy Donohue are moving back to Westphal Parkway from Coventry Road where they have been settled for the past few months. They plan to buy or build by fall.

Harriett and James Mercier and I are leaving for Memphis, Tennessee, on June 5th. I plan to enter the Southern College of Optometry there where he will study for the next two years or so. Harriett has a job at the Kennedy Veterans Administration Hospital there. Good luck and success to you both.

Did you know Jane Frances Davenport Reid and Emmet have moved back to Richmond? The address is 1121 Floyd Avenue, and they have done a beautiful job of remodeling the house. There was a nice write-up with pictures in the Richmond Sunday paper and it was included in the tour of old houses "made new" conducted by the Richmond Branch of the A.A.U.W. I saw Jane Frances downtown recently and she invited us all to see her place. She also told me she has a son over two years old.

Florence Parker Quin writes me that she, Jimmy and Peg will be in Richmond the last two weeks in June. They will stay with Mrs. Park on Grove Avenue. I do hope to see them.

Maude tells me that Ethel O'Brien Harrington's husband, John, is receiving his Ph.D. in geology from Duke University in June. Congratulations! Inasmuch as this is my last newsletter I'd like to thank those who have helped me contact you girls. Your aid has been invaluable—Doris, Janet, Charlotte Ann, Mildred and Florence. I wish I could tell you who will replace me, but I don't know as there do not seem to be any volunteers. Emma Lou has promised to help out if everyone else refuses.

Your past secretary,

MARGARET BERNHART.

P. S.—If any of you have news items during the summer, just send them to me and I'll see they get to the proper person.

1941—

Dear '41's,

First, correspondence—consisting of two letters, one post card, and three birth announcements. A letter from Ann Courtney telling news of her two. 'Bobby loves his 'baby sister' and has already started asking where his baby brother is! He was expecting one of each, I believe. He's a little embarrassed by Edith's lack of teeth and inability to talk as he keeps explaining to folks, 'I think she'll be all right when she gets bigger.' A letter and an announcement from Connie and Ed Luttrell. They have a son, Mark Edwin Luttrell, born February 10. Connie writes, 'We are very proud of him, needless to say, but we had quite a struggle with him at first, but he is doing fine now. We have moved to Emporia. Here Ed is pastor of Main Street Baptist Church. We are delighted with the town as the people have been so friendly and lovely to us. We have a beautiful big house with plenty of room for company. This is an invitation to you and fellow Westhamptonites!' Connie hoped to have visits from Louise Morrissey that she and Carolyn mentioned to Louise Morrissey that she and Carolyn Gary Hugo had visited recently, and that Vicki Henry Belcher, Ray, and Betsy are living with Mr. and Mrs. Henry on a large country estate near Hopewell. Sounds wonderful, Lib. Race and String (Thornton Stringfellows) were in Charlottesville for a wedding and had dinner with It's and Ed Slipek.

Dot Harshbarger was in Richmond in April. She visited Mary Bass. Jeanne Wilkins Watson and Paul have painted their home white with blue shutters, front door, and back door. Jeanne says it is easy to find them now. Paul is coaching track at Glen Allen this spring.

Helen Driscoll had Liz Cardwell Brown and her son, Tommy, to dinner in April. Liz is living in Marietta, Ohio.

Jeannie Bigwood had visited recently, and that Vicki Henry Belcher, Ray, and Betsy are living with Mr. and Mrs. Henry on a large country estate near Hopewell. Sounds wonderful, Lib. Race and String (Thornton Stringfellows) were in Charlottesville for a wedding and had dinner with It's and Ed Slipek.

Dot Harshbarger was in Richmond in April. She visited Mary Bass. Jeanne Wilkins Watson and Paul have painted their home white with blue shutters, front door, and back door. Jeanne says it is easy to find them now. Paul is coaching track at Glen Allen this spring.

Helen Driscoll had Liz Cardwell Brown and her son, Tommy, to dinner in April. Liz is living in Marietta, Ohio.

I see Mary Buxton Smith occasionally at the Women's Club. Mary will continue teaching music at St. Catherine's next year.

Margaret Terrier Wall and Woody may be back in Richmond to live soon. For the summer they will be at Saluda.

Teeny Evans, Hardin, and 'Hig' were in town this spring. 'Hig' is walking now.

Henrietta Sadler Ellwanger and Al have moved to 111 South Colonial Avenue.

Kitty Crawford was in town for two weeks. She is working hard on her new kitchen. She mentioned to Louise Morrissey that she and Carolyn Gary Hugo had visited recently, and that Vicki Henry Belcher, Ray, and Betsy are living with Mr. and Mrs. Henry on a large country estate near Hopewell. Sounds wonderful, Lib. Race and String (Thornton Stringfellows) were in Charlottesville for a wedding and had dinner with It's and Ed Slipek.

Incidentally, Phyllis Cogbill Brown is doing YWCA work as the newly appointed Director of Young Homemakers' Department. And just in time for this bulletin has come a letter from Cecile Gaddis Smith. She wrote a new letter with several items of special interest.

I finished my thesis and passed my oral examination and so will receive my M.A. in Biology here at University of Virginia on June 14th. My subject was the effect of Vitamin B6 on plant tissue culture in vitro." Congratulations from all of us, Cecile. She continues: "Cecile is going out to the University of California to finish his studies for a doctor's degree in Agricultural Economics. For a while I intend to be a housewife and practice chemistry in the kitchen."

A P.S. on Cecile's letter said that Cecile will go
to Turkey for six weeks on an aircraft carrier, and that she will go to Mt. Lake Biological Station the time you read this, our class will have had an experimental project. With Mary Bass as publicity head and Jean Robertson as treasurer, we know you will be interested in its progress and location in that part of the country?" Do you?

Louise Hall Moser, bless her heart, wrote me news of herself and list of girls she contacts for various times and please remember that any time you get things lined up. Elizabeth Webb has moved to Petersburg with her parents though she’s still teaching here. We’re sorry to lose her.

Evelyn Flax, too, is in town looking for friends. She has been viewing celebrities at the apple blossom festival. She’s a heavy hitter, also, for she weighs over 18 ½ lbs. for he’s hitting a little over 16 lbs. at five months. He bets they didn’t have two teeth at 4 months old, but whether with or without family, I don’t know.

Pam Carpenter has been globe-trotting with Noel. They flew to L.A. to be with George for a few months, but were called back to Georgia by the death of George’s father. Pam will stay in Georgia for a time and then return to Norfolk while George goes to the Orient for the summer. Of Noel, Pam writes, "She is a little coquette of 15 pounds at 3 months, reddish-brown hair, and blue eyes. I’ve told Bobby and he’s already got her eye on her!

More baby news from Bee Lewis. Davey is a heavyweight, also, for he weighs over 18½ lbs. Our Bobby is a bit behind those two in weight for he’s hitting a little over 16 lbs. at five months. He bets they didn’t have two teeth at 4 months 2 weeks though! Seems most of my chatter has been about babies. You can certainly tell what my mind is on these days.

So, I come to the end of my list, news exhausted. Next fall you’ll be having a secretary with a straight line for gathering gossip and alumnae contributions. (To date 38 of our 48 have contributed.) Let me put in a plea in her behalf. Do keep her posted on your address changes, weddings, and babies so she can keep our file up to date. It’s really been fun corresponding with all of you at various times and please remember that any time you have new girls to report, please let her know.

[27]
And by the way, all of you please send in pictures of your babies, husbands, vacation trips, also announcements, stories, etc., for the scrapbook. Since our reunion is next year—amazing, isn’t it—we’ll want to have it up to date.

I understand that Heppy and Pierce have a son, also Pierce, who arrived this spring; and a daughter for Mim and Tom Ryland. How about a verification from you doting parents to keep our statistics straight?

Meta Hill Ryland has a son, Bruce McClellan Ryland, born February 1, 1948. She and her husband are living in Blacksburg.

Thanks to Barbara Grey for the news that Nancy Lubasch was married June 22, 1947, to Isadore Markowitz. Sorry to be a year late with best wishes, Nancy, but you should keep me informed. Barbara reports they were lucky enough to get a new apartment just outside Newark at Union, New Jersey.

Barbara’s own news is that she is engaged to Dave Clayton of Bethel, Pa., with the wedding set for September 11th, at Bethlehem. Barbara has thoroughly enjoyed her job as a service representative for the telephone company (since she left War Assets last May). She finds meeting the public fascinating—for instance, the lady who came in for several yards of telephone wire—seems she used it for hair curlers.

Our June bride of this year is Gloria Tyler, who married Dr. William Clayton Robertson, Jr., on the 12th. She made a lovely bride. They will live in Baltimore.

Natalie Lum looked grand when I saw her not long ago. Congratulations to ’44’s M.D.! Natalie graduated this June, and will intern at M.C.G.

Hear through the grapevine (why don’t you write?) that Kay Naley is going to California. That sounds wonderful (I’ve been wanting to go to the West Coast for ages). Fran and Bob Wolf are stationed in California now, so there’s a nucleus for a W.C. Alumnae Club in California.

I saw Dot Ihnken before I left New York. She is now part of her job. She had to give up her teaching since she graduated. Audrey Grubin was married May 7th in St. Albans, New York, to Lester Fixell. She hasn’t sent me her new address yet. Bette Clement became Mrs. Edith A. Ada, Jr., careful 12th of June at the Culpeper Baptist Church. They will live in Charlottesville, where Eddie is finishing medical school.

Lilibet Kibler was married to Fred Keitin in Luny June 19. Fulalia and I were bridesmaids.

Ruby and Fred are living in Pennsylvania.

Macky Mackenzie (guess we’ll have to share M.D. and will finish her degree from Mount Holyoke College in June, but she hasn’t decided just what she wants to do after she finishes.

Lottie Blanton sent us a very interesting letter from Copenhagen, where she is doing physical therapy work in one of the hospitals. She tells a bit about her work, about the people, and we had the best time hashing over old times at our luncheon. It’s too bad more of you couldn’t have come. However, we had about twenty people, and we had the best time laughing over old days.

Bitty writes that between exams and her physics thesis, she’s kept pretty busy. She will get her degree from Mount Holyoke College in June, but she hasn’t decided just what she wants to do after she finishes.

May Day was beautiful this year, even from the weather standpoint, which is something unusual these last few years. We had a wonderful time at our luncheon. It’s too bad more of you couldn’t have come. However, we had about twenty people, and we had the best time laughing over old days.

Bitty writes that between exams and her physics thesis, she’s kept pretty busy. She will get her degree from Mount Holyoke College in June, but she hasn’t decided just what she wants to do after she finishes.

Kung explains that the Chinese people can come through unharmed. Were more deadly than the Japanese enemy. United States again Mr. Kung wrote that but for "the many Chinese and American re­

fighting to save China from Communism : rent plagues, and despite the fact these of malaria, typhus, cholera and other recur­

Angels.

Our baby cup girl, Barbara Ann Dunnavant, will soon be a young lady one year old. Better enroll her now in Westhampton, Mumper, and be sure she gets a room in the new dorm.

Jeanne Pelworth has changed positions and is now a lab technician at the Marine Hospital here and simply adores her work—a five-day week—almost as privileged as a school teacher. She and I went up to Arlington to visit Joyce. We had a good old talkfest and even had a chance to meet Lois Bradley Baker and Alice May Prigg for lunch. Lois and Artie are living with the Bradleys and while he goes to the U. of Md. she is working in a library. Alice May is also to join the ranks of June brides. Joyce herself is fine and has some wonderful "school kids" to relate.

Faye Clark Randle wrote that Jack hopes to transfer to Tulane from the U. of Kansas and enter Med school there this summer. I have been helping with the Senior Y Teen Club and that has been loads of fun. Every now and then I slip away for the week end. I went to V.P.I. for Spring Formals but didn’t see many ex-Aerons around. A lot of girls got on the train at Petersburg from W.C., and I felt right at home.

Have a wonderful time this summer and in your leisure time drop me a card, won’t you?

Best love,

Alta.

No Peace For China

C. K. Kung, ’29, writes from his law office in Canton that the Chinese have shed more blood during the past two years than they did in the eight years of Sino-Japanese hostilities.

Being a partisan of neither camp, Mr. Kung explains that the Chinese people can hardly tell which is the lesser evil, Chinese Communism or the Kuomintang who are fighting to save China from Communism.

During the last war Mr. Kung met nearly all of the Chinese alumni of the University of Richmond at various places throughout China, he says in his letter addressed jointly to Chancellor Boydwright, Dr. Ryland, and Dr. Mitchell. They lived mostly in the midst of malaria, typhus, cholera and other recurrent plagues, and despite the fact these were more deadly than the Japanese enemy or the Chinese bandits, they managed to come through unharmed.

"We can brag of nothing," said Mr. Kung, "more than our mere survival! We have accomplished nothing."

In expressing a desire to come to the United States again Mr. Kung wrote that but for "the many Chinese and American re­

ections on Dean Roberts and Leslie Booker. There is need of someone who has left the world of politics and is now a tech­

because he is living in Connecticut and is now a tech­

Atlantic Club

President: Matilda Tisinger, 952 North Highland Ave., N.E., Atlanta, Georgia. The Atlanta Club sent a number of valuable articles to Westhampton to be sold at the auction for the benefit of the Swimming Pool Fund.

Marjorie Canada O’Riordan represented the club at Homecoming at Westhampton on June 5, and gave a report from Atlanta at the annual business meeting.

Eastern Shore Club

President: Louise Figgic Nicolls. April 27th, almost exactly a year from the day we were organized, was a gala occasion for us, with Dean Roberts, Miss Lough and Leslie Booker as guests of honor. We were charmed with the new Dean, who introduced us in her easy, natural manner, to the new buildings on the campus. Miss Lough we found just as lovable as ever, if not more so, and Leslie, at breakneck speed, but quite intelligently and interestingly, covered the field of Alumnae activities—Commencement, Tea Room, flowers, picnic spot, Tower Room improvements, career conference, swimming pool fund, and local al­

agencies.

Jeanine Johnson Roberts felt that she had to resign, since she is living in Charlo­

ton College Alumnae Association held three general meetings during the year: on No­

dember the 8th, March 15, and May the 8th. In addition to these general meetings, there was held an executive meeting, a tea for the girls entering Westhampton College, a family Christmas party, and a fashion show for the benefit of the swimming pool fund.

This year’s activities started with a tea on September the 11th at the home of Mrs. Carl Meador at which time girls from the city of Richmond who were entering Westhampton College were entertained. This is to become an annual affair.

At the first executive meeting on Novem­

ber the 20th, it was agreed to continue the traditional Christmas party, to ask Miller and Rhoads to present another fashion show in the spring of the year, to have an art lecture by Miss Pauline Turnbull, and to appoint Dell Williams Smith as contact chairman to establish a phoning committee whose pur­
The first luncheon meeting was held on November the 8th at Franklin Terrace Tea Room, at which time Mrs. Theodore F. Adams spoke on her recent European tour. At this meeting Jayne Massie was voted the new corresponding secretary to fill the vacancy created by the resignation of Ann Stansbury who moved from the city.

Each year the number of people attending the family Christmas party increases. There were 160 people present at the last party on December the 14th. A delightful puppet show was presented by Mrs. Kenneth Bass, Mrs. Fred Jurgens, and Mrs. Sadye Williams. Stories were told by Mrs. Louise Kirby, the Storybook Lady, and carols were led by Miss Hannah Coker and Miss Marylou Massie. An enjoyable afternoon was ended with refreshments for all, served in the tea room.

Nature stepped in with a thrilling snowstorm causing the postponement of Miss Turnbull's lecture on Art from January the 27th to March the 15th. She spoke on "Animals in Art Covering a Period of 3,000 Years" and illustrated the lecture with beautiful colored slides. A refreshment period followed the lecture which was held at Mayo Memorial House.

Again Miller and Rhoads seemed delighted to present a late spring fashion show, which was sponsored for the benefit of the swimming pool fund. It was a great success, with 100 people present, enabling the Richmond Club to contribute $40.00 to the National Association for the pool fund.

Our season ended with a business meeting at which Miss Keller spoke on her recent trip to Mexico, Guatemala, and Yucatan. Miss Turnbull showed slides taken on this trip. It was a great treat to hear Miss Keller tell of her recent travels.

At this meeting the slate of new officers was adopted. They are as follows: President, Jayne Massie, '42; Vice-President, Martha Ross, '38; Recording Secretary, Katherine Mumma, '46; Corresponding Secretary, Ruth Starke, '43; and Treasurer, Mary Butterworth, '29.

I wish to express my appreciation to my Executive Committee, all of whom have been most helpful whenever called upon; to all the members of the Richmond Chapter who have responded so readily to whatever task has been requested of them; to Mr. Joseph Nettles who has worked with our publicity chairman to see that notices and pictures were in the city newspapers; and to Leslie Booker who has always been willing to lend a helping hand.

The outgoing officers wish for the Richmond Club great success in the future years and pledge their support to the Chapter.

Respectfully submitted,

JOSEPHINE MALLORY COSBY, President, Richmond Club

Westhampton College Alumnae Association.

Roanoke Club

President: Reba Dudley Hash (Mrs. Abram Hash).

The Westhampton Alumnae Chapter in Roanoke was organized in October, 1947. Dr. Maude Woodfin and Mrs. R. E. Booker from Westhampton were present. Five Westhamptonites were present. Dr. Woodfin spoke briefly on the present status of the college.

The Roanoke officers elected were: Mrs. Abram Hash (Reba Dudley), President; Martha Meador, Vice-President; Mrs. John P. Batkins, Secretary and Treasurer.

In November, Reba Hash attended the Alumnae Workers' Conference at Westhampton.

In January, 1948, we paused with reverence over the passing of Dr. Maude Woodfin. Many sent to Miss Woodfin and Dr. Lough expressions of our deep love and grief in the great loss.

In June, the University of Richmond Alumni Association had a Dinner Meeting—all "Spiders and Spiderettes" were invited.

The Roanoke Chapter of Westhampton Alumnae has not been an active one this year. We sincerely hope to do more next year.

REBA DUDLEY HASH, (Mrs. Abram Hash).

Tidewater Club

President: Margaret Oliver Saunders (Mrs. Horace Saunders), 8249 Simons Drive, Norfolk, Virginia.

The busiest year on record for the Tidewater Club opened with a luncheon meeting on October 4th. At this time the girls now attending Westhampton were our guests along with last June's graduates who were welcomed as new members.

In November we met on Saturday afternoon for a Game Party which gave us a chance to visit with each other. This was preceded by a short business session chiefly given over the discussion of the plans of the Ways and Means Committee for raising money for the Swimming Pool Fund.

We had our largest and most inspirational meeting of the season in February when we had the privilege of having as our special guest Westhampton's new Dean, Dr. Margaret Rockefeller, and of hearing her describe the progress being made on the campus, especially the exciting news of the new dormitory. As always we were happy to have Mrs. Booker with us to report on the activities of all the Alumnae groups. Cora Lynn Chaffee was elected Treasurer to succeed Mildred Masengill who had moved to Richmond.

February 28 marked the peak of our year's activities when, after much hard work by our Chairman, Helen Ballard, her assistant, Violet Simpson, and other faithful members, the club presented a Children's Fashion Show and Card Party which was very well received. As a result we are sending a check for $200.00 as our contribution to the Swimming Pool Fund.

In the way of an innovation, our final meeting was held in Portsmouth. This was a luncheon at which we elected the following officers:

Alta Ayers, Vice-President
Jean Peleworth, Secretary

Our final meeting was a joint meeting of all the University of Richmond Alumnae on May 18.

Washington Club

President: Esther Wendling Mueller (Mrs. Wm. A. Mueller), Box 3002, Parkfairfax Station, Alexandria, Va.

The Washington Alumnae Club joined with the Richmond College alumni for a joint University of Richmond meeting on May 11. This took the form of a dinner meeting at the Highland Apartments and was well attended, with about seventy-five alumnae and alumni present.

Special speakers from the University were Dr. Lough and Dr. Wiley. Congressmen J. Vaughn Gary and Watkins Abbott spoke briefly, and Leslie Booker and Joe Nettles brought greetings.

After the general meeting, the Westhampton alumnae had a brief business meeting, at which they agreed to send the Alumnae Association $75.00, with which to purchase a bond for the Swimming Pool Fund. At this time, Esther Wendling Mueller was elected president of the club for the coming year, and other officers chosen.

Necrology

1882—

Conway Macon Knox, 85, president of the Owens & Minor Drug Company in Richmond for nearly 29 years, died June 5 at his Richmond home after a long illness. He attended the schools of Miss Hallie Wise and Miss Mag Lee, as well as the Norland University School, before entering the University of Richmond.

He began his business career with the Owens & Minor Drug Company, with which he was associated for 55 years. Ill health caused his retirement as president. A former communicant of St. Paul's Episcopal Church, Mr. Knox was also one of the founders of St. Stephen's Episcopal Church and that institution's oldest communicant. He was a member of the first vestry of St. Stephen's.

Mr. Knox was also a director of the Richmond Chamber of Commerce and a member of the Country Club of Virginia.

1888—

The Rev. Francis (Frank) Randolph Holland, 81, for 33 years pastor of churches in Virginia and Maryland, died June 6 at his home in Salisbury, Md.

A native of Goochland County, he lived in Richmond during the early part of his life. He was educated at Roanoke College and at the University of Richmond.
Robert Collins Astrop

Death has claimed one of the most popular teachers in University of Richmond history, Robert Collins Astrop, retired professor of psychology, who died in a Richmond hospital June 24.

From 1920 until ill health forced his retirement in 1946, Mr. Astrop served with distinction as a member of the faculty. He was an alumnus of Randolph-Macon College where he received his B.A. in 1912 and of the University of Virginia where he won his master's degree. He did further graduate study at Columbia University.

He was a member of the American Psychology Association, American Association on Mental Deficiency, Virginia Federation of Planned Parenthood, and the Virginia Association on Mental Hygiene.

The Adjutant General's Office declared that Lieutenant Britton was entitled to the American Defense Service Medal and the World War II Victory Medal.

John H. Russell

Dr. John H. Russell, director of research for the State Department of Taxation and a former member of the economics faculty in the University of Richmond, died May 14, in Richmond.

Prior to his service at Richmond he had taught at Allegheny College in western Pennsylvania, Whitman College at Walla Walla, Wash., and at his alma mater, Emory and Henry College.

"The Winnah and Still Champeen!"

In a year during which the bulletins from the athletic front were consistently discouraging, old grads may be amazed to learn that our Spiders won one State championship—in debating.

Under the tutelage of Lloyd F. Pierce, the Spider harangues won the State Tau Kappa Alpha tournament. They took runner-up honors in the invitational tournament at the University of Virginia, and were ranked eighth among more than 100 teams which competed in the National Tournament.

Traveling more than 2,200 miles and engaging in 101 debates on the question "Resolved that World Government Should Be Established," Richmond finished the season with a .692 average.

Hargroves Honored

Rev. Dr. V. Carney Hargroves, '22, pastor of the Second Baptist Church of Germantown, Philadelphia, has recently been elected president of the Philadelphia Council of Churches.

Dr. Hargroves' wife, the former Narcissa Daniels, Westhampton, '22, is a member of the Board of Directors of the Council, representing women's work.

The Council, which has been in existence for three years, also has W. T. Vandever, '23, as one of the Directors. He is also a
THE GIRLS
(With apologies to Oliver Wendell Holmes)

Has any old woman got mixed with the girls?
If there has, throw her out lest the truth she unfurls!
Hang the Calendar’s tale and the Catalogue’s say!
Old Time is a liar. We’re twenty today!

Yes twenty! Just twenty! Who dares call us old?
She’s crazy, we’ll tell her in language that’s bold.
Gray hair at twenty? Yes, that’s a sin.
Can we help it if our gray matter’s outside, not in?

If wrinkles you notice, why, take off your “specs.”
Who would want magnifiers held to their necks?
And as for our “spreads” you attribute to age,
Why, learning is broadening, and we’ve turned many a page.

We’ve a game, we young girls, as many have heard,
Of playing we’re ladies; now don’t say a word.
We’ll never, no, never, its label disdain.
This girl is a lawyer, and that one’s a nurse.
Then there’s a professor, yes, what could be worse?

(The poem has been published by request of many alumnae who heard Dean Roberts read it at the alumnae banquet.)

member of the Executive Board of the Council in charge of the Department of Evangelism and inter-church activities.

Fraternity Lodges

A 12-point program providing for the erection of lodges for the eleven social fraternities on the University of Richmond campus has been adopted by the board of trustees and the new plan is now in operation.

All lodges must have “equal facilities,” each must conform in architecture and in interior arrangement to a plan recently approved by the fraternities, and each must contain no more than 1,925 square feet of floor space.

The University will lend up to 50 per cent of the cost of a lodge, but the maximum loan will not exceed $7,500. Principal and interest will be curtailed over a 20-year period.

Should the University change its policy toward fraternities and prohibit the use of lodges, the University agrees to buy the lodges at cost, less depreciation at the rate of 4 per cent a year.

The University agrees to provide the land without cost to fraternities, to provide water and sewer connections, and to construct all necessary roads and parking areas as the lodges are built.

The fraternities will do all necessary grading and other preparation of the lots for building, and will keep the lodges in good repair.

The lodges will be constructed on land adjacent to the Kappa Sigma and Phi Kappa Sigma fraternity houses. Each lodge will be separated from its nearest neighbor by a distance of not less than 50 feet and not more than 100 feet.

Pending the erection of lodges, the eight fraternities which do not have houses will be permitted to rent quarters in the dormitories with the understanding that the University will not be obligated to provide such dormitory space after 1952.

A new policy further provides that the three fraternities which now own houses (Theta Chi, Kappa Sigma and Phi Kappa Sigma) must vacate these houses within three years following the completion of the fifth of the fraternity lodges.

Record Alumnae Day Attendance
(Continued from page 13)

President George Modlin welcomed returning alumnae, and in paying tribute to Dr. Lough pointed out her great service to the University and the loss her retirement will entail.

Dean Marguerite Roberts was presented to the group, and she delighted her audience with her greetings and remarks. Following Dean Roberts, Josephine Tucker made a beautiful and moving address on the attributes of the truly great teacher, so typified by Dr. Lough.

Dr. Lough then made a stirring and inspiring challenge to the group, reminding them of her years at Westhampton, defining the qualities of the institution she made her life’s work, and charging her hearers to face their responsibilities as graduates, women, and citizens in a world of great uncertainty and crisis. Upon the conclusion of Dr. Lough’s address Elizabeth Tompkins presented her a gift from Westhampton alumnae. The program was concluded with the presentation, and WC alumnae returned to their homes, their jobs, and personal concerns with a sense of unity, challenge, and renewal. Homecoming for 1948 was over, but only as an actual event: as an experience it will remain in the hearts of Westhampton’s graduates.

Alumni Elect Burnett Miller, Jr.
(Continued from page 11)

who received their LL.B. Degrees in June; also, the recipient of a Certificate of Proficiency. We wish for them every success in their practice and trust that they will be interested members of our Association. Dean Muse and his faculty and staff at the Law School have earned a “well done” for the excellent work they have done in training these young men under adverse conditions. The Law School faculty and staff should also be commended for the excellent job that has been done in locating those who have finished their courses this year. They have worked tirelessly with the Association’s Committee on the Placement of Graduates with excellent results.

The Law School’s Annual Dinner has become an institution and those who have not attended have decidedly been the losers. We are looking forward to a great year for the Association.

—R. E. BOOKER.

I'm satisfied because it's Chesterfield

Rosalind Russell

Always milder. Always better tasting. Always cooler smoking.

Why... I smoke Chesterfield

(from a series of statements by prominent tobacco farmers)

Liggett & Myers buy top quality cigarette tobacco and pay top prices for it... nobody will average paying more than they do, year in and year out.

I've been smoking Chesterfields ever since I've been smoking. I just like them... they have real tobacco flavor.
